Our Father, which art in heaven,
hallowed be thy name,
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil
[For thine is the kingdom,
the power, and the glory,
for ever and ever]
Amen

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page

Test your fax machine

To test the capability of your fax machine, follow the directions below

NOTE: Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing ***82** before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features

NOTE: Whenever troubleshooting a fax issue, it is good practice to set the *Automatic Reports* option to **Every Error** before attempting a test fax. This way, even if the sent fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products, consult the product *User's Guide* for specific steps

1. Send a one page black and white text fax to **1-888-hpfaxme** (1-888-473-2963).
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE: The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code

For more information or assistance, click **Contact HP** at the top of this page

CHAPTER 3

Methods Common to All Objects

Although Object is a concrete class, it is designed primarily for extension. All of its nonfinal methods (equals, hashCode, toString, clone, and finalize) have explicit general contracts because they are designed to be overridden. It is the responsibility of any class overriding these methods to obey their general contracts; failure to do so will prevent other classes that depend on the contracts (such as HashMap and HashSet) from functioning properly in conjunction with the class.

This chapter tells you when and how to override the nonfinal Object methods. The finalize method is omitted from this chapter because, as discussed in Item 7, it is rarely appropriate for an object to override it. The comparable compareTo method is also unusual in that it, too, is not an Object method. Comparable compareTo is discussed in this chapter because it has a similar character.

Item 8 Obey the general contract when overriding equals

Overriding the equals method seems simple, but there are many ways to get it wrong, and consequences can be dire. The easiest way to avoid problems is not to override the equals method. In which case, each instance of the class is equal only to itself. This is the right thing to do if any of the following conditions apply:

- **Each instance of the class is inherently unique.** This is true for classes such as Thread that represent active entities rather than values. The equals implementation provided by Object has exactly the right behavior for these classes.
- **You don't care whether the class provides a "logical equality" test.** For instance, java.util.Random could have overridden equals to check whether two Random instances would produce the same sequence of random numbers going forward. The designers didn't think that clients would need to do this often enough to be worthwhile. Under these circumstances, the inherited equals implementation from Object is ideal.

Table II Number of Sexual Behaviors in the Different Regions of the SSA Space in Groups of Gay Male and Heterosexual Male Subjects and in Groups of Sadistic and Masochistic Subjects

	Heterosexual ($N = 60$)		Gay male ($N = 89$)		Sadistic ($N = 12$)		Masochistic ($N = 80$)	
Region	*M*	SD	*M*	SD	*M*	SD	*M*	SD
Hypermasculinity	3.17	2.17	4.03	1.85	3.40	2.07	4.05	2.04
Administration of pain	3.09	2.25	2.74	1.99	2.35	1.99	3.16	2.11
Humiliation	2.88	1.82	2.28	1.46	2.40	1.50	2.64	1.49
Physical restriction	2.98	2.04	3.07	2.11	3.01	2.27	4.02	2.32

from this analysis) and also between the predominantly and exclusively sadistic male and predominantly and exclusively masochistic male (flexible subjects were discarded from this analysis) were explored using the Student's *t* test (Only male subjects were included in the two latter analyses due to the low number of female subjects in the study group). Female subjects engaged in significantly more of the behaviors in the humiliation region ($M = 3.14$ SD = 1.70) compared to male subjects ($M = 2.56$, SD = 1.46) $t(182) = 1.70$ $p < .05$ whereas the male subjects engaged in more of the behaviors in the hypermasculinity region ($M = 3.75$ SD = 2.14) compared to female subjects ($M = 2.50$ SD = 1.90) $t(182) = 2.62$, $p < .01$. The means and standard deviations for the other analyses are presented in Table II. There were significant differences between the hetero- and gay male subjects in terms of their involvement in the *hypermasculinity* and *humiliation* regions. As expected, the gay male subjects were more likely to engage in a larger number of the behaviors of the *hypermasculinity* region ($t(151) = 2.57$, $p < .01$) compared to the heterosexual male subjects whereas the latter were more likely to engage in a larger number of humiliation behaviors ($t(151) = 2.59$, $p < .01$). In terms of the sadomasochistic preference, there were nonsignificant tendencies for the masochistic male subjects to have engaged in a larger number of behaviors in both the *hypermasculinity* ($t(120) = 1.65$ $p < .10$) and the *administration of pain* ($t(120) = 1.56$ $p < .12$) regions compared to the sadistic male subjects.

Next Pearson's correlation coefficients were computed between the variables indicating the subjects' involvement in the sadomasochistic subculture (number of sadomasochistic sessions, use of sadomasochistic pornography) and the number of sexual behaviors within the different regions that the subjects had engaged in during the preceding year (see Table III). As expected, positive and significant associations could be observed. However, the absolute values of the coefficients were not particularly impressive.

DISCUSSION

Our results are encouraging in supporting previous references to various facets of sadomasochistically oriented behavior. At a broad level, these appear to take

too little stomach acid and bacterial overgrowth in the stomach and intestines. Therefore successful treatment is based on restoring adequate stomach acid production and eliminating bacterial overgrowth.

This can be accomplished by following the "**three Rules**" of treating heartburn and GERD naturally:

1. **Reduce** factors that promote bacterial overgrowth and low stomach acid.
2. **Replace** stomach acid, enzymes and nutrients that aid digestion and are necessary for health.
3. **Restore** beneficial bacteria and a healthy mucosal lining in the gut.

- **Reduce** factors that promote bacterial overgrowth and low stomach acid

MLS Listing Waiver

This form must be completed and signed by seller(s) and broker

I have listed my property with _____ _____ and
Name of Listing Agent Listing Agent ID

with _____ _____
Name of Broker Name of Real Estate Company Office ID

I understand that it is my prerogative to instruct my listing agent and broker not to include my listing in the MetroList® MLS and that since the MetroList MLS Rules require all Participants and Subscribers to submit all listings to the MLS within three (3) business days of the listing date, I have been asked to complete and sign this form confirming my request in this regard.

While it is certainly your prerogative to have your listing withheld from the MetroList Multiple Listing Service (MLS), the MetroList Services, Inc. Board of Directors would like you to know what it believes are the many advantages of marketing your property through the MLS.

1. The Multiple Listing Service is believed to be a most effective method of achieving the quickest sale and highest price for your property.

2. When you place your property in the MLS, you give all of the real estate companies participating in the MetroList MLS (*over 17,000 MetroList brokers and agents and an additional 50,000 brokers and agents throughout Northern California*) the opportunity to sell your property to one of their buyers.

3. Buyers benefit from and appreciate the MLS system, too. The system allows buyers to select agents of their choice and see all the properties that fit their needs regardless of which company listed the property. Without the MLS system, a buyer working exclusively with one agent may never know your property is on the market.

4. Once your property is entered into the MLS it will receive exposure on the Internet. Each day more and more buyers search the Internet to locate property. The primary Internet addresses at which your property will be found if it is entered into the MLS are, **metrolistinfo.com, metrolistpro.com** and **realtor.com**.

I have read the above description of some of the benefits of marketing my property through the MetroList MLS; however, I request that the listing information for my property not be submitted to the MetroList MLS until this MLS Waiver expires on the date entered below.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents
- PDF files ***always print correctly*** on any printing device
- PDF files always display ***exactly*** as created, regardless of fonts, software, and operating systems. Fonts and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web

Hypothesis test statistics for testing the slope coefficients are of the following form

$t = \frac{b - \beta_{b_1}}{S_{b_1}}$ with $(n-k-1)$ degrees of freedom

Estimation of the dependent variable (simple linear regression only)

Confidence interval for a mean value of y $\quad \hat{y} \pm t(s_\varepsilon)\sqrt{\frac{1}{n} + \frac{(x_0 - \bar{x})^2}{SS_{xx}}}$ $\quad$ d f = n-k-1

Prediction interval for an individual value of y $\quad y \pm t(s_\varepsilon)\sqrt{1 + \frac{1}{n} + \frac{(x_0 - \bar{x})^2}{SS_{xx}}}$ $\quad$ d f = n-k-1

Calculations from computer printouts for simple or multiple regression

$\hat{y} = b_0 + b_1 x$ $\quad \hat{y} = b_0 + b_1 x_1 + b_2 x_2 + \ldots$

$r^2 = SSR/SST$ $\quad R^2 = SSR/SST$

$s_\varepsilon^2 = SSE/(n-k-1) = MSE$ $\quad s_\varepsilon = \sqrt{\frac{SSE}{n-k-1}} = \sqrt{MSE}$

Source	SS	DF	MS	F
Regression	$SSR=\Sigma(\hat{y}-\bar{y})^2$	k	MSR=SSR/k	F=MSR/MSE
Error	$SSE=\Sigma(y-\hat{y})^2$	n-k-1	MSE=SSE/(n-k-1)	
Total	$SST=\Sigma(y-\bar{y})^2$	n-1

Welcome to SmartMusic interactive music software!

With SmartMusic, you have access to thousands of pieces of music for total preparation. Whether you want to practice with background accompaniment and hear how your performance sounds in the whole. You can also hear a recording of your performance to get personalized feedback about which notes you've played correctly and where you can improve your skills.

Here's how to get started

1. Insert SmartMusic from the disc.
2. Follow the onscreen instructions to activate your subscription. You will be prompted to activate your subscription using your e-mail address and password that you created when you ordered.
3. Start practicing! You can learn how to set up and use SmartMusic by watching the SmartMusic QuickStart Videos. These videos can be opened from the Help menu.

SmartMusic Resources

You can log in to your account at www.smartmusic.com to view your personal data, change your subscription status, and order additional subscriptions and accessories. You can also update your password and login, like your e-mail address and password.

Microphones - an essential part of the SmartMusic experience!

A microphone is required to record and assess your performance as well as to use the tuner. If you don't have a SmartMusic microphone, you can purchase one at www.smartmusicstore.com/store.

keeping the home tidy, keeping in touch with friends and family, exercising, grocery shopping, and other small tasks that may not get done in the absence of free time.

If you come across ways to do more productive at work, do not be shy about it. Time is money, especially during busy season. If you realize a task (aka: job inefficient and you know of a way to expedite their completion, take the initiative to bring it to someone's attention and be sure to properly document it.

Document your workpapers as you prepare work so that it is clear what you have done and why you did it. References are important so that the reviewer knows where to go to see where you obtained information and what your thought process was preparing it. You want your reviewer to be able to spend as little time as possible with the least amount of confusion on what they are going over your work, it is worth taking the extra time to document and reference for your reviewer. It's most efficient to document as you go along, but it can also be worth going back to reference and fix your document as you see it. Remember your reviewer bills at a much higher rate than you, thus their time is much more important. Make the extra effort to save them time.

Be aware of your budgeted time on a project. It is also important to not go over budget without communicating it. Generally, you should be preparing a project with enough time left in your budget to leave it returned to you in order to clear review notes and process the return. However, as mentioned in other circumstances can cause you to go over budget. It's important to be aware of the budget and speak up if you're approaching the limit, especially during busy season. You do not want to go more over budget without notifying anyone when it turned out you were spinning your wheels over an issue that could have been done much more efficiently.

Hello!

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result.

This file is a sample MS Word file; many other file types are supported.

If you have any questions regarding Interpage's OutFax(sm) Service, including the FaxUnlimited(sm) service with no-per or per-minute charges, please feel free to contact us at:

Phone +1 (510) 315-2759 9AM to 5:30 PM M-F Pacific Time
E Mail: lnsl-support@interpage.net
Web http://www.interpage.net

Thank you for your interest!

Notes. 1. Due to the malicious use of the FreeFax service, Interpage will no longer transmit personalized text messages, or your above-listed sample message will be transmitted. You may set up a trial account for evaluative purposes by filling out the form located at *http://www.interpage.net/sub-fax-trial.htm*, providing any billing information, and clearly indicating a valid e-mail address and contact telephone number. Please call (510) 315-2759 for additional details.

2. This fax is not a solicitation nor is it an offer. It was sent by a visitor to Interpage's web site who entered your destination number as a recipient of the test fax. As a result, a destination may not receive more than two faxes in a given week. However, if you find that someone is sending you faxes in a continuous and abusive manner, please call us at (510) 315-2759 and we will block your fax number from the FreeFax service.

How to Patch Cinder Block Holes

By Jenlng1 eHow Member

Instructions

Written by: Modernity Etsy

Things You'll Need:

- mortar
- expanding foam
- newspaper
- hammer
- trowel
- sponge
- bucket

1. Use a hammer to remove all loose, barely hanging pieces around the damaged area. Sometimes you will need to pry broken pieces from the hole. For a better finished product remove all dirt and debris from the hole.

2. Fill the remaining hole of the cinder block. Push the broken pieces into the hole. Small holes may be filled with newspaper. Large holes will need to be filled with an expanding foam fill. Let the foam dry then remove 1 inch of foam. The purpose of this is to trowel a border for the cut mortar to border.

3. Mortar cement it a trowel. You want the mortar to be still sticky to blend on its own. To do that pour dry trowel mix into a trowel. Add a little water and stir with a trowel. Continue to add water until there is just enough to eliminate all dry spots. It must be wet enough to be sticky.

4. Dampen the area around the patch. You can use either a trowel or a commercial sponge. The mortar will need border to wet cinder block. This will prevent the finished patch from just falling out after it is dry.

5. Push the mortar into the hole. Do not push so hard that the mortar falls into the block. While it is still wet blend the trowel into the existing block with a sponge.

Tips & Warnings

- Let the block fill dry for twenty four hours. Trowel removing the excess.
- Wear safety goggles when using the hammer.

Visiting The Doctor

A man asked his doctor if he thought he'd live to be a hundred.

The doctor asked the man, "Do you smoke or drink?"

"No," he replied, "I've never done either."

"Do you gamble, drive fast cars, and fool around with women?" inquired the doctor.

"No, I've never done any of those things either," said the man.

"Well then," said the doctor, "why would you want to live to be a hundred?"

TODAY FEBRUARY 6th (JokesAndTrivia.com)

Kind of busy with medical issues right now
so it's going to be the "late" version of humor for a while.
—•——•——•—•——•—•——•—•——•—•——•—•——•

Last night I was relaxing on the sofa watching TV when I heard my wife's voice from the kitchen
"Oh sweetheart, what would you like for dinner my love? Chicken, beef or lamb?"

I said, "Thank you, darling, I think I'll have chicken."

She replied, "You're havin a peanut butter sandwich I was talkin to the dog!"
—•——•——•——•——•——•——•——•——•——•——•

My family physicain told me of an incident that actually happened to him back in the early days of his practice
He said a woman brought her baby to see him, and he determined right away that the baby had an earache He wrote a prescription for ear drops. In the directions he wrote "Put two drops in right ear every four hours" nbbreviating "right" as an R with a circle around it

Several days passed, and the woman returned with her baby complaining that the baby still had an earache, and his little behind was getting really greasy with all these drops of oil

The doctor looked at the bottle of ear drops and sure enough, the pharmacist had typed the instructions on the label as "Put two drops in R ear every four hours."
—•——•——•——•——•——•——•——•——•——•——•

I've never understood why women love cats

Cats are independent, they don't listen, they don't come in when you call, they like to stay out all night, and when they're home they like to be left alone and sleep.

In other words, every quality that women hate in a man, they love in a cat.
—•——•——•——•——•——•——•——•——•——•——•

Shopping for a black cotton sweater I couldn't find anything suitable in a trendy Berkeley clothing store A helpful saleswoman offered to check the store catalogue.

After flipping through the pages, she looked up in consternation. "Mark," she called to her co worker "what are we calling black this year?"
—•——•——•——•——•——•——•——•——•——•——•

My partner and I were in our police car when we were dispatched to break up a domestic dispute. We spoke with the couple and the problem was quickly resolved.

On leaving, I was admiring the craftsmanship of their turn-of the-century home and reached for what I thought was the front door

Realizing my mistake, I was turning away in embarrassment when I heard my partner say, "If you have any more problems, we'll be in your closet."

Still not satisfied?

There is the Ombudsman for Banking Services and Investments (OBSI)

An independent Ombudsman has been appointed to serve the interests of customers of Canadian banks and investment firms. If you are not satisfied with our Ombudsman's response, you can refer your complaint to the OBSI. While we would expect to resolve your complaint within 90 days, if our best efforts have been unable to provide a resolution in that time you may refer your complaint to the OBSI

Contacting the Financial Consumer Agency of Canada (FCAC)

The FCAC supervises federally regulated financial institutions to ensure they comply with federal consumer protection laws. For example financial institutions must provide consumers with information about fees, interest rates and complaint-handling procedures. They must also provide proper notice of closing a branch and, subject to certain conditions, must cash a federal government cheque up to $1 500 and open a deposit account when acceptable identification is presented. If you have a complaint about such a regulatory matter, you can contact the FCAC in writing at:

Subject: Density Output Cards

BACK

At present, a request for density output cards in a sensitometric computations run yields density cards corresponding to densitometer densities. If the test code used involves E N D conversions, the density output cards must be run through a separate conversion program to correspond[illegible] densities plotted [illegible] cards corresponding to individual strips are punched, whether [illegible] strips is [illegible] desired.

I propose that the [illegible] density card output is requested, plotted densities are punched out. In the normal case these would simply be the average densities. If the test code calls for E N D conversion, it would be the E N D densities that are punched out. If the test breaks down, e.g. because of range check failure, we would get cards punched out for individual strips since individuals are plotted in that case.

I would appreciate your comments on this proposal by January 2, 1971.

"Antigonish"

As I was walking up the stair
I met a man who wasn't there
He wasn't there again today
Oh, how I wish he'd go away

When I came home last night at three
The man was waiting there for me
But when I looked around the hall
I couldn't see him there at all!
Go away, go away, don't you come back anymore!
Go away, go away, and please don't slam the door

Last night I saw upon the stair
A little man who wasn't there
He wasn't there again today
Oh, how I wish he'd go away

Test your fax machine

To test the capability of your fax machine, follow the procedures below.

NOTE Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE Whenever troubleshooting a fax issue, it is good practice to set the *Automatic Reports* option to **Every Error** before attempting a test fax. This way, even if the send fax fails, an error code will be generated that will assist you in future troubleshooting. The method is available in different places on different products; consult the product *User's Guide* for specific steps.

1. Send a one page black and white test fax to **1-888-hpfaxme** (1-888-473-2963).
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

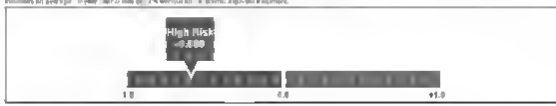
MammaPrint Result — High Risk

[redacted] out of the MammaPrint 70 gene expression profile. The MammaPrint result is calculated from a commercial index termed [redacted] breast tumors with patients > 5 are considered Low Risk, while a result of [redacted] are considered High risk. For a result cancer [redacted] Low [redacted] risk [redacted] are about 5 metastasis-free survival (MFS) [redacted] 90% [redacted] treatment. For High Risk [redacted] patients an average 5-year MFS rate of 71% without [redacted] systemic adjuvant treatment.



Additional Comments:

Assay Description

[redacted] used to [redacted] classification of MammaPrint with fresh frozen tissue for patients of all ages with invasive breast cancer without tumor size [redacted] lymph node [redacted] status (ER+/-) [redacted] the U.S. patients that have acquired an additional clearance in compliance with [redacted] for fresh and formalin fixed paraffin-embedded (FFPE) tissue cancer tissue for patients with up to 3 positive lymph [redacted] Breast cancer patients. The test is performed using a microarray-based gene expression profile that was independently [redacted] and locked down. An untargeted, supervised analysis of the entire human genome - 25,000 genes, followed by a leave-one-out cross-validation procedure - yielded the 70 critical genes that distinguish patients as High Risk vs. Low Risk of metastasis. Therefore this MammaPrint result provided [redacted] prognostically validated, statistically significant, additive information to physicians to help them decide on treatment in early stage breast cancer patients.

Based on the analytical performance of MammaPrint, the precision of classifying a sample as High Risk or Low Risk is 99% for fresh and 97.7% for FFPE, and the repeatability of the microarrayed is 99% for fresh and 97.8% for FFPE. Furthermore, when a fresh sample's MammaPrint Index (MPI) falls within a pre-defined area, where the classifications will fall between [redacted] and +0.0029, the classification accuracy is less than 90%.

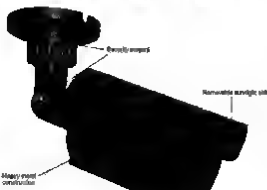
Compact High Resolution Bullet Camera w/WDR



This camera is packed with features, Economist to users to the sharp 480+ TV-line resolution image. Image quality is further enhanced by digital video reduction and signal filtering features courtesy of the Nextchip™ chipset.

Nextchip is an image signal processor (ISP) which outputs CVBS or S-Video data format after receiving color filter array (CFA) patterns from color-interlaced CCD sensor which is processed through an internal encoder and DAC. For providing stable color reproduction, it has basic functions like auto white balance (AWB) and auto white balance (AWB). It provides an OSD menu that lets users configure and adjust functions including infrared enhancement, mirror view, lens shading correction, motion detection, privacy masking and more.

- De-mirror
- D-WDR
- Smart IR
- Infrared sensitivity
- Shutter control
- Sharpness enhancement
- Dead pixel compensation
- Backlight compensation
- Lens shading correction
- Digital noise reduction
- Privacy mask (4 areas)
- Motion detection (3 areas)
- Real-time Pixel-DR Recovery

The 3.5-mm coaxial male connector on the telephone cable splitter is used to connect to the OSD Menu Wand (sold separately) to quickly adjust the parameters in each mode.

Specifications

Wide Dynamic Range (WDR) Video Enhancements

WDR is a digital processing function that helps to provide clear images even under situations where contrast is extremely high. Sometimes, when there are both very bright and very dark areas in the scene in the field of view, WDR enables the camera to see the areas of both light and dark areas in a way that a person's image data is in both areas. WDR processing makes sure the bright areas are not washed out and the dark areas are not reduced to a field of impenetrable blackness. Depending on these areas, WDR should bring it out.

OSD Menu with PRE/PRO

The OSD menu options are divided into two groups. A configuration of the setting can be done in the PRE (pre-processing) and PRO (post-processing) menus in the camera.

PRE is not a new feature. If you make adjustments in the OSD menu and later find the adjustments are inadequate, then select CAMERA RESET and the camera returns to the factory-programmed options configuration. This "Pre-Pro" configuration has been optimized for the widest range of environments and gives excellent overall results. Rather than having to touch every single control to bring the camera up to optimal imaging state, the "tweaks" are minimized. This can be a substantial time saver when installing multiple cameras.

CYCLE GUIDE

For best fabric care, choose the cycle that best fits the load being washed
Recommended settings for best performance are shown in **Bold**.
Not all cycles and options are available on all models.

Items to Wash	Cycles	Soil Level	Wash Temp*	Cycle Details
Casual and mixed loads, jeans, towels, sturdy fabrics	Deep Wash	Medium	Hot Warm Cool Lights Cool Darks Cold	Provides additional water and alternating wash action for heavily soiled mixed loads. Water level and fill process may take longer for some items than for others because they will absorb more water than other fabric types.
Heavily soiled white fabrics	Whites	Heavy	**Hot** Warm Cool Lights Cool Darks Cold	The cycle adds liquid chlorine bleach to the heat at the proper time for improved whitening of soiled white fabrics.
Large items such as sheets, sleeping bags, small comforters, jackets, small washable rugs	Bulky/Bedding	Light	Hot **Warm** Cool Lights Cool Darks Cold	**Use this cycle to wash large items such as jackets and small comforters. The washer will fill with enough water to wet down the load before the wash portion of the cycle begins, and uses a higher water level than other cycles.**
Sturdy fabrics, colorfast linens, towels, sheets, jeans	Heavy Duty	Heavy	**Hot** Warm Cool Lights Cool Darks Cold	**Use this cycle for normally soiled or sturdy fabrics.**
Cottons, linens, and mixed garment loads	Normal	Medium	Hot **Warm** Cool Lights Cool Darks Cold	**Use this cycle for normally soiled cottons and mixed fabric loads.**
No-iron fabrics, cottons, perm press, linens, synthetics	Casual	Medium	Hot **Warm** Cool Lights Cool Darks Cold	**Use this cycle to wash loads of no-iron fabrics such as sport shirts, trousers, casual business clothes, permanent press, and blends.**
Machine-wash silks, lingerie, washable wools	Delicates	Extra Light	Hot **Warm** Cool Lights Cool Darks Cold	**Use this cycle to wash lightly soiled garments indicating "Machine Washable Silks" or "Gentle" cycle on the care label. Place small items in mesh garment bags before washing.**
Lightly soiled fabrics	Express	Extra Light	Hot **Warm** Cool Lights Cool Darks Cold	**Use this cycle for lightly soiled fabrics.**
Swimsuits and items requiring rinsing without detergent	Rinse/ Spin	N/A	Cold	Combines a rinse and spin for loads requiring an additional rinse cycle or to complete a load after power interruption. Also use for loads that require rinsing only.
Hand-wash items or dripping wet items	Drain/ Spin	N/A	N/A	This cycle uses a spin to shorten drying times for heavy fabrics or special-care items washed by hand. Use this cycle to drain washer after canceling a cycle or completion of a cycle after a power failure.
No clothes in washer	Clean Washer	N/A	Hot	Use this cycle every 30 washes to keep the inside of your washer fresh and clean. This cycle uses a higher water level. Use with liquid chlorine bleach to thoroughly clean the inside of your washer. This cycle should not be interrupted. See "Washer Care." **IMPORTANT:** Do not place garments or other items in the washer during the Clean Washer cycle. Use this cycle with an empty wash tub.

*All rinses are cold.

Test your fax machine without bothering friends

Submitted by Adam on October 16, 2006 - 2:27pm. Nobody Else Is Here Alone

Hi and thanks for visiting! I was trying to see if my fax machine was working correctly. It is always tough finding a fax because you have to have a friend who is home, with a fax, and willing to help. Thanks to a conversation, you can try this test fax service from Smart Computer User.

This also lets you order a fax number and in a few minutes, you will receive a test fax.

If this helped, please consider buying me a beer or an Amaretto!

How Can I Test My Fax Machine?

Submitted by Smart Computer User on December 9, 2008 - 12:48pm

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-510-545-0010 (a number in Southern California.) When it's finished transmitting, send your test fax through to Fax Toy http://faxtoy.net -- it's a fun web tool that displays whatever is typed in that window. Within a minute, you or the email address you specify should receive a fax containing what you typed in FaxToy. To test the outgoing functionality of your fax machine, point your web browser to FaxZero: http://fax.zero.ch/ (try the top one first) and send a fax from the dropdown in the United States and Canada. Within a minute, your fax machine should ring -- hopefully, it will automatically answer and spit out the test fax.

A-5™ E-GRIP™ KIT INSTALLATION & TUNING INSTRUCTIONS

TIPPMANN™

A-5 E-GRIP KIT P/N: 02-015
KIT CONTAINS:
1 – Lower Receiver Component

⚠ WARNING

EYE PROTECTION DESIGNED FOR PAINTBALL USE MUST BE WORN AT ALL TIMES WHEN HANDLING THIS MARKER BY THE USER AND ANY PERSON WITHIN RANGE. DO NOT DISASSEMBLE THIS MARKER WHILE IT IS PRESSURIZED WITH AIR. REMOVE AIR SUPPLY CYLINDER OR CARTRIDGE BEFORE DOING ANY DISASSEMBLY. DISASSEMBLING THE MARKER WHILE UNDER AIR PRESSURE WILL CAUSE PERSONAL INJURY &/OR DAMAGE TO THE MARKER. DO NOT OPERATE THIS MARKER WITH PARTS MISSING OR DAMAGED. IF DURING THE COURSE OF THIS INSTALLATION, A PART IS LOST OR FOUND TO BE DAMAGED, OBTAIN A REPLACEMENT PART BEFORE CONTINUING REASSEMBLY.

READ EACH STEP COMPLETELY BEFORE PERFORMING STEP

Set up a table with plenty of space to work.
You Will Need: Small screw driver, 1/8" allen wrench & 5 volt battery

STEP 1. PREPARE MARKER FOR SAFE DISASSEMBLY before beginning disassembly.

To do so, you must, (1-unload marker, (2-remove air source; (3-discharge stored air (4-uncock marker before further disassembly.

1) Unload your marker: first remove the hopper. Then, point your marker in a safe direction and in several times to be sure there are no balls left in the feedtube or lodged in the chamber.

2) Remove tank. To remove a charged air cylinder, turn the cylinder approximately 3/4 of a turn counterclockwise or not. This allows the tank pin valve to close so that no air will enter the marker. Point the marker in a safe direction and fire the remaining air in the marker by pulling the trigger until the marker stops firing. (This may take 4-5 shots)

If your marker keeps firing after you have turned the tank 3/4 of a turn, the tank pin valve has not closed yet and you may have to turn the tank counterclockwise a little further.

If you turn the tank 3/4 of a turn and it begins to leak before you pull the trigger you have turned it too far and may have damaged the tank o-ring.

3) After air tank is removed, point & fire the marker in a safe direction until stored air is completely discharged.

4) Put the marker in the uncocked position, by: if the ball cocking handle is back - then pull the trigger and release handle forward to un-cock the marker.

STEP 2. Remove Lower Receiver from upper receiver

1) To detach lower receiver: Remove 2 lower receiver push pins (#1 & #2) to detach from upper receiver.

STEP 3. Detach Tank Adapter from lower receiver

1) To detach: remove receiver bolt (#3) from lower receiver. (Store removed lower receiver in safe place)

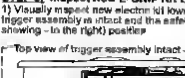
STEP 4. Install Battery into E-GRIP Kit Receiver

Follow Battery Installation Instructions on back page.

STEP 5. Inspect New E-GRIP Kit Lower Receiver

1) Visually inspect new electric kit lower receiver. Check that the trigger assembly is intact and the safety is in the "safe" (red dot showing – in the right) position.

Top view of trigger assembly intact – it should look like this.



Receiver Reference

STEP 6. Attach Lower to Upper Receiver

1) A ign lower receiver front push pin hole (#1) with upper receiver pressure (#1) then gently rock rear of grip to align upper & lower push pin hole (#2)

2) With holes aligned: Insert two lower receiver push pins to attach.

STEP 7. Attach Tank Adapter to Lower Receiver

1) Remove (#3) receiver bolt from new lower receiver. Slide tank adapter into lower receiver, align holes then insert receiver bolt (#3) and tighten into marker bolt nut.

STEP 8. Install Tank into Pistol Grip Tank Adapter

Note: *Eye protection designed for paintball use must be worn at all times when handling this marker by the user and any person within range.*

Standard Tank Installation into Pistol Grip Adapter:

1) First, make sure that the marker is on SAFE mode. Press safety "in" on left receiver half to lock trigger & put marker in SAFE mode. (When safety button on left side of marker shows red, the marker is in FIRE mode and marker can fire.)

2) Next, cock the marker by sliding the ball cocking handle all the way back until you hear/see the ball lock into place. Then release the cocking handle to its forward position.

3) To install the tank, insert the tank valve end into the tank adapter at the back end of the plastic grip. Twist the tank clockwise into the marker until it stops. Adjust the bolt plate if necessary. Your marker is ready to fire once you switch to FIRE mode from SAFE mode.

You are now ready to tune the A-5 E-GRIP rate of fire and set the mode of fire.

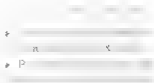
(For Badass JavaScript Development)

NOTICE: I have written only 2 of the 12 tips so far but I plan to post **all** 12 Powerful Tips by April 14. This will be a must read post once all the powerful tips are ready.



I provide you with 12 simple yet powerful JavaScript tips and detailed explanation of each. These are techniques that all JavaScript programmers can use now; you needn't be an advanced JavaScript developer to benefit from these tips. After you read all of the detailed explanations of how each technique works and when to use it, you will have become a more enlightened JavaScript developer, if you aren't already one.

Indeed, notable JavaScript masters and enlightened JavaScript developers have been using many of these techniques to write powerful, efficient JavaScript. And in a bit, you will too.

1 Powerful JavaScript Idiomatic Expressions With && and ||

You see these idiomatic expressions in JavaScript frameworks and libraries. Let's start off with a couple of basic examples.

Example 1: Basic "short circuting" with || (Logical OR)
To set default values instead of this:

```
function documentTitle(
                        }
```

TFTP

Trivial File Transfer Protocol, is a very simple file transfer protocol, with the functionality of a very basic form of FTP. It uses UDP (port 69) as its transport protocol.

UDP

User Datagram Protocol (UDP) is one of the core protocols of the Internet protocol suite. Using UDP, programs on networked computers can send short messages known as *datagrams* to one another. UDP does not provide the reliability and ordering guarantees that TCP does, datagrams may arrive out of order or go missing without notice. However, as a result, UDP is faster and more efficient for many lightweight or time-sensitive purposes.

VAD

Voice Activity Detection or Voice Activity Detector is an algorithm used in speech processing wherein, the presence or absence of human speech is detected from the audio samples.

VLAN

A virtual LAN, known as a VLAN, is a logically independent network. Several VLANs can co-exist on a single physical switch. It is usually refer to the IEEE 802.1Q tagging protocol.

VoIP

Voice over IP

VoIP encompasses many protocols. All the protocols do some form of signaling of call capabilities and transport of voice data from one point to another. e.g: SIP, H.323, etc

Windows® Fax and Scan

One place to send e-mail for your documents

FAX: You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN: After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scans**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

Dear NewTek TriCaster™ Owner,

Congratulations!
With your new TriCaster control surface, you have the perfect companion to your TriCaster 8000, TriCaster 850, TriCaster 460, or TriCaster 410 system. Less setup time, more creative steps away from converting your ideas to real-world, professional-quality content and performance. Let's get started.

What's in the Box

- TriCaster control surface (model 8000 CS, 850 CS or 460 CS)
- USB Cable
- AC Power Cable (model 8000 CS only)
- Welcome Letter

Setup

Connect the control surface to your TriCaster system using the USB cable supplied (TriCaster 850 CS and 460 CS only) or to the included AC power source using the AC power cable supplied.

If your TriCaster doesn't immediately recognize the control surface, your system may require a software update. Simply disconnect the control surface, follow the steps outlined below to update your TriCaster, and then reconnect your control surface.

If your TriCaster system is network-connected:
At the Startup screen, select the Shutdown option and choose Administrator Mode from the menu. In Administrator mode, select Update TriCaster from the Settings menu. Click Yes when prompted to allow the software to download and install the update. If available, older versions of TriCaster, choose the Update item from the Startup Screen's Tasks menu instead.

If your TriCaster system is not network-connected:
Visit NewTek.com from any Web browser and select Updates and Downloads from the Support menu. Choose your product to view available updates. If you do not see your product, choose Previous Product Updates and Downloads*, then click DOWNLOAD for all applicable files and follow the on-screen prompts to download the update to a USB drive or other storage media. Once you have downloaded all files associated with the update, insert the USB drive into one available USB port on your TriCaster. At the Startup Screen, select the Shutdown option and choose Administrator Mode from the menu. In Administrator mode, select Exit to Windows. In older versions of TriCaster, choose the Shutdown item from the Startup Screen to close the software to Windows and log off. Use the Windows browser to view the drive contents from the USB drive and run the installer manually, following the on-screen prompts to complete the update process.

*Previous updates are model-specific and require purchase and registration of the applicable product.

Once you've connected your control surface to your TriCaster, complete electronic configuration by selecting Item from the HELP menu on your TriCaster system.

Service and Support

Have questions about setup, registration, or warranty? Contact Support can be reached at 866-867-7887 or Outside USA at 210-370-8132. Representatives are available to assist you weekdays from 8:30am to 7:00pm Central Time. Email and web visits from NewTek.com/support/contact.php are also available. Please have the unit's serial number in case there is a need to return your TriCaster.

On Your Way

We're excited that you've chosen a NewTek solution for your live production and streaming needs. We wish you great success and look forward to seeing your shows come to life.

Welcome to the NewTek TriCaster family. We'll be watching for you!

NewTek

Hail Mary,

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima

When you receive this email say a Hail Mary and ask for a special favor.

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners now and at the hour of our death, Amen." (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

Student Activity
Circumference, Arc, and Length

PLATO

Name _____ **Date** _____

Objective

In this lesson you will define, find, and use measures of circumference, arc length, and areas of circles and sectors and use these measures to solve problems and do proofs.

Activities

1. **Circumference** is the length around, or perimeter, of a circle. Imagine that you mark a tire on a car at the point where it meets the road. Next, roll the tire until that mark meets the road a second time. The distance between the start and finish point is the circumference of a circle, or in this case, a tire.

To calculate the circumference of a circle, one must define the following terms.

Radius, the distance from the center of a circle to a point on the circle.

IS-TS-1000 Touch Screen Installation Sheet

Description

The IS-TS-1000 Touch Screen provides remote access to the overall security of the home, office and personal security, including cameras, thermostat control and wireless sensor detection. The touch screen features a 7-inch LCD screen display (800x480 pixels) and 262k+ color space LCD to provide sharp, high-resolution images of your home security.

Installation

The touch screen can be mounted on a wall or a desk easy stand.

To mount the touch screen on a wall:

1. Remove the mounting bracket from the back of the touch screen.
2. Use the bracket as a template to locate mounting hole locations on the wall.

   Make sure the bracket is level and the "BOTTOM" indication on the bracket is oriented correctly.
3. Use appropriate screws or wall anchors to secure the bracket to the wall.
4. Connect the transformer provided with the touch screen to the DC IN plug on the back of the touch screen.
5. Route the transformer wire through the wire relief slot on the back of the touch screen, then plug the transformer into a nonswitched outlet.
6. Attach the touch screen to the mounting bracket, aligning the mounting tabs on the mounting bracket with the slots on the back of the touch screen.

To mount the touch screen on the tabletop stand:

1. Remove the mounting bracket from the back of the touch screen.
2. Connect the transformer provided with the touch screen to the DC IN plug on the back of the touch screen.
3. Route the transformer wire through the strain relief slot on the back of the touch screen, then plug the transformer into a nonswitched outlet.
4. Attach the touch screen to the stand, aligning the mounting tabs on the stand mounting bracket with the slots on the back of the touch screen.

Note: To configure the touch screen with your security system, please refer to the user manual provided by your alarm installer.

Basic operation

The Home button is built into the touch screen's frame. You can press it to access the Home screen from any screen in the touch screen interface.

If your security panel is armed or disarmed, a message will appear briefly on the Home screen. You can also display the Home screen by pressing the Home button. Press and hold the Home button for two seconds to perform a Panic Reset. Panic buttons give delivery alert calls so you can cancel the alarm if necessary. The Home button sends an immediate alarm with no delay.

System icon

The system icon appears on the Home screen and is similar to your security panel's keypad. The touch screen's graphical representation of the system looks and behaves like the actual system keypad. The following describes the various conditions it depicts.

The System Icon's color indicates the state:

- Blue – The security panel is disarmed.
- Red with white shield. The security panel is armed (the alarm sensors or doors are monitored).
- Red with blue sleep zzz's. The security panel is in Away/Home mode. An alarm is pending. Immediate attention.
- Gray. The security panel or gateway is offline.

Small symbols appear on the green or red system icons when there is more information to report:

- Red – Indicates a sensor problem or problem with the security panel.
- Yellow – Doors or windows are open (i.e. sensor appears in the yellow circle and indicates the number of open sensors).
- Red diamond and yellow circle. Body sensor is in the alarm state and can open door or window.
- Wave forms around the shield. Motion is detected.

B.R. Ryall YMCA
Youth Basketball League
2010 FALL SEASON

Who: Boys and Girls entering kindergarten through 4th grade

What 3 Basketball Leagues based on grade level

1 K 1 This level is great for the beginner With lowered baskets (8'), loose refereeing and no score kept the kids are allowed to fall in love with the game while learning the fundamentals of basketball

2 2 The basket height (8 5') goes up and the refereeing gets a little stricter as these older kids get a real taste of the game This league really starts to prepare players for the next level.

3 3-4 With the basket at 9 ft. and all rules enforced this is the perfect league to prepare players for Junior High ball while still allowing the kids to have fun.

Where: B.R. Ryall YMCA big gym.

When: Registration begins on August 23rd for members and on August 30th for limited members All K-4 games are on Saturday and will begin on October 16th and end on December11th, with practices beginning 2 weeks prior Practice days and times will be determined by our volunteer coaches. Coaches meeting will be on September 30th at 6 30pm (No games or practices the week of Thanksgiving)

Fee! Member $60 00

Limited Member $95 00

IMPORTANT INFORMATION ABOUT THE NAMED INSURANCE COMPANY'S CHOICE OF PARTS POLICY

THIS ESTIMATE MAY LIST PARTS FOR USE IN THE REPAIR OF YOUR VEHICLE THAT ARE MANUFACTURED BY A COMPANY OTHER THAN THE ORIGINAL MANUFACTURER OF YOUR VEHICLE. THESE PARTS ARE COMMONLY REFERRED TO AS AFTERMARKET PARTS OR COMPETITIVE PARTS AND MAY INCLUDE COSMETIC OUTER BODY CRASH PARTS SUCH AS HOODS, FENDERS, BUMPER COVERS, ETC. THE INSURANCE COMPANY GUARANTEES THE AFTERMARKET OR COMPETITIVE CRASH PARTS ARE AT LEAST EQUAL TO THE ORIGINAL EQUIPMENT MANUFACTURER PARTS IN TERMS OF KIND, QUALITY, SAFETY, FIT AND PERFORMANCE THAT ARE LISTED ON THIS ESTIMATE AND ACTUALLY USED IN THE REPAIR OF YOUR VEHICLE FOR AS LONG AS YOU OWN IT. IF A PROBLEM DEVELOPS WITH THE KIND, QUALITY, SAFETY, FIT AND PERFORMANCE OF THOSE PARTS, THEY WILL BE REPAIRED OR REPLACED AT THE INSURANCE COMPANY'S EXPENSE. THIS GUARANTEE IS LIMITED TO THE REPAIR OR REPLACEMENT OF THE PART THEMSELVES. IF YOU CHOOSE NOT TO USE ONE OR MORE OF THE AFTERMARKET OR COMPETITIVE CRASH PARTS THAT MAY BE LISTED ON THIS ESTIMATE IN THE REPAIR OF YOUR VEHICLE, THE INSURANCE COMPANY WILL SPECIFY THE USE OF ORIGINAL EQUIPMENT MANUFACTURER PARTS, EITHER NEW OR RECYCLED AT THE INSURANCE COMPANY'S OPTION, AT NO ADDITIONAL COST TO YOU. THE INSURANCE COMPANY DOES NOT SEPARATELY GUARANTEE THE PERFORMANCE OF ORIGINAL EQUIPMENT MANUFACTURER PARTS, AND MAKES NO REPRESENTATION ABOUT THE AVAILABILITY OF ANY MANUFACTURER'S GUARANTEE

Food

From Wikipedia, the free encyclopedia
Jump to: navigation, search
For other uses, see Food (disambiguation)

Foods from plant sources

Food is any substance[1] consumed to provide nutritional support for the body. It is usually of plant or animal origin, and contains essential nutrients, such as carbohydrates, fats, proteins, vitamins, or minerals. The substance is ingested by an organism and assimilated by the organism's cells in an effort to produce energy, maintain life, or stimulate growth.

Historically, people secured food through two methods: hunting and gathering, and agriculture. Today, most of the food energy consumed by the world population is supplied by the food industry.

Food safety and food security are monitored by agencies like the International Association for Food Protection, World Resources Institute, World Food Programme, Food and Agriculture Organization, and International Food Information Council. They address issues such as sustainability, biological diversity, climate change, nutritional economics, population growth, water supply, and access to food.

The right to food is a human right derived from the International Covenant on Economic, Social and Cultural Rights (ICESCR), recognizing the "right to an adequate standard of living, including adequate food," as well as the "fundamental right to be free from hunger".

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software, and operating systems. Fonts and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Fax Test Report

Jan-14 2016 4:36PM

The fax detects an active telephone line — Fail

An active phone line was not detected

Please check the items below and then rerun this test

HP recommends using the telephone cord that came with the product

Verify that the fax cord is securely connected between the telephone jack and the product (or another device that is connected to the product)

Disconnect the product from the jack in the wall, and then connect a telephone to the jack. Try to make a voice call to verify that the telephone line is working

Connect the product to a different phone line

Try a different phone cord

Remove any phone line splitters that are in use

Ensure that a filter is installed if using DSL

Instructions on how to rerun this test

Step 1 Press the (Setup) button.
Step 2 Select Service
Step 3 Select Fax Service
Step 4 Select Run Fax Test

Hail Mary:

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima :

When you receive this email say a Hail Mary and ask for a special favor.

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death, Amen.? (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

GOD OUR FATHER,
WALK THROUGH MY HOUSE
AND TAKE AWAY ALL MY WORRIES AND ILLNESSES;
AND PLEASE WATCH OVER AND HEAL MY FAMILY
IN JESUS ' NAME . AMEN

This is a hill

lively interest in me several months before there was any possibility of our becoming personally acquainted, first, that I was destined to be unlucky in life; and secondly, that I was privileged to see ghosts and spirits, both these gifts inevitably attaching, as they believed, to all unlucky infants of either gender born towards the small hours on a Friday night.

I need say nothing here on the first head, because nothing can show better than my history whether that prediction was verified or falsified by the result. On the second branch of the question, I will only remark that, unless I am through that part of my inheritance while I was still a baby, I have not come into it yet. But I do not at all complain of having been kept out of this property; and if anybody else should be in the present enjoyment of it, he is heartily welcome to keep it.

I was born with a caul, which was advertised for sale, in the newspapers, at the low price of fifteen guineas. Whether sea-going people were short of money about that time, or were short of faith and preferred cork jackets, I don't know; all I know is, that there was but one solitary bidding, and that was from an attorney connected with the bill-broking business, who offered two pounds in cash, and the balance in sherry, but declined to be guaranteed from drowning on any higher bargain. Consequently the advertisement was withdrawn at a dead loss--for as to sherry, my poor dear mother's own sherry was in the market then--and ten years afterwards, the caul was put up in a raffle

be better able to understand and respect the reasons for traffic laws, including speed limits that reflect the risk of being killed or seriously injured in a crash.

What's next for usRAP?

Star Ratings Based On Road Protection Score

EuroRAP and AusRAP have developed concepts based on a road protection score for assigning star ratings to roads based on their safety features, with four (or five) stars assigned to roads with the most proven safety features and one star to roads with the fewest safety features. This concept is potentially valuable because data are not always available to produce risk maps based on crash history. usRAP has begun to explore the development of maps based on inventories of road safety features that can be made either directly during road inspections, or subsequently from video of the road, at reasonable cost. While potentially promising, the methodology used to score roads and assign star ratings to roads requires further research and testing.

Additional Pilot Studies

usRAP will continue work in Iowa and Michigan to test the concept of *performance tracking* to document safety improvement over time. In addition, pilot studies have begun during 2006 in other states. It is expected that the initial usRAP concepts will evolve significantly as a result of the ongoing work.

[redacted] and Optional Extended Limited Warranty

S04553T

Lexmark International, Inc. Lexington, KY

This limited warranty applies to the United States, 5300, 5400, and 5500 only. For customers outside the U.S., refer to the country-specific warranty information that came with your product.

This limited warranty applies to this product only if it was originally purchased for your use, and not for resale, from Lexmark or a Lexmark remanufacturer, referred to in this statement as Remanufacturer.

Limited warranty

Lexmark warrants that this product:

- Is manufactured from new parts, or new and serviceable used parts, which perform like new parts.
- Is, during normal use, free from defects in material and workmanship.

If this product does not function as warranted during the warranty period, contact a Remanufacturer or Lexmark for repair, replacement or refund (at Lexmark's option).

If this product is a feature or option, this statement applies only when that feature or option is used with the product for which it was designed. To obtain warranty service, you may be required to present the feature or option with the product.

If you transfer this product to another user, warranty service under the terms of this statement is available to that user during the remainder of the standard warranty period. You should transfer proof of original purchase and this statement to that user.

Limited warranty period and extended warranty period

The warranty period starts on the date of original purchase as shown on the purchase receipt. The standard warranty period ends 12 months later.

Limited warranty service

To obtain warranty service you may be required to present proof of original purchase. You may be required to deliver your product to the Remanufacturer or Lexmark, or ship it prepaid and suitably packaged to a Lexmark designated location. You are responsible for loss of or damage to a product in transit to the Remanufacturer or the designated location. When warranty service involves the exchange of a product or part, the item replaced becomes the property of the Remanufacturer or Lexmark. The replacement may be a new or repaired item. The replacement item assumes the remaining warranty period of the original product.

Replacement is not available to you if the product you present for exchange is altered, or has been subjected to repair not included in the warranty service, damaged beyond repair or if the product is not free of all legal obligations, restrictions, liens and encumbrances. Before you present this product for warranty service, remove all print cartridges programs, data and removable storage media (unless directed otherwise by Lexmark). Remote technical support is provided for this product throughout its warranty period. For products no longer covered by a Lexmark warranty, technical support may not be available or you may be available for a fee.

IN NO EVENT WILL LEXMARK BE LIABLE FOR ANY LOST PROFITS, LOST SAVINGS, INCIDENTAL DAMAGE, OR OTHER ECONOMIC CONSEQUENTIAL OR INDIRECT DAMAGES RELATING IN ANY WAY TO DELAY IN DELIVERY OF, OR REPLACEMENT

For further explanation of your warranty alternatives and the nearest Lexmark distributor in your area, contact Lexmark at (800) 332-4120 or on the World Wide Web at http://support.lexmark.com

Lifetime Support

If your product's operations or packaging differs from Lifetime Support (LS) is available for your product. Lexmark will, during the life of your product, use commercially reasonable efforts to provide basic support via a toll free number to assist you for help and guidance in operating he product and diagnosing problems. LS does not, however, entitle you to any repairs, replacements, replacement parts, extended warranties, options for diagnostic problems, replacement services or any extension of warranty durations. In no event shall LS be construed to require Lexmark to modify the product or software drivers to become compatible with any third party software, use any system or technology LS will end immediately if (a) the original purchaser transfers the product to another user (regular voice support will be provided during any remaining portion of the standard warranty period), (b) the product's part number becomes obsolete after the warranty period and for the above reasons, or (c) you cease to have access to a compatible system. IN NO EVENT WILL LEXMARK BE LIABLE FOR ANY LOST PROFITS, LOST SAVINGS, NO INCIDENTAL DAMAGE, OR OTHER ECONOMIC CONSEQUENTIAL OR INDIRECT DAMAGES RELATING IN ANY WAY TO [redacted] WARRANTY SUPPORT OR ITS TERMINATION

Extent of limited warranty

We do not warrant uninterrupted or error free operation of any product.

Warranty service does not include repair of failures caused by:

- Modification or attachments
- Accidents or misuse
- Unsuitable physical or operating environment
- Third party products
- Maintenance by anyone other than Lexmark or a Lexmark authorized servicer
- Use upon of a product beyond the limit of its duty cycle
- Use of printing media outside of Lexmark specifications
- Supplies (such as ink) not furnished by Lexmark
- Products, components parts, materials software or interfaces not furnished by Lexmark

TO THE EXTENT PERMITTED BY APPLICABLE LAW, NEITHER LEXMARK NOR ITS THIRD PARTY SUPPLIERS OR REMANUFACTURERS MAKE ANY OTHER WARRANTY OR CONDITION OF ANY KIND, WHETHER EXPRESS OR IMPLIED, WITH RESPECT TO THIS PRODUCT, AND SPECIFICALLY DISCLAIM THE IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND SATISFACTORY QUALITY. ANY WARRANTIES THAT MAY NOT BE DISCLAIMED UNDER APPLICABLE LAW ARE LIMITED IN DURATION TO THE WARRANTY PERIOD. NO WARRANTIES, OR GUARANTEES, EXPRESS OR IMPLIED WILL APPLY AFTER THIS PERIOD. ALL INFORMATION, SPECIFICATIONS, PRICES, AND SERVICES ARE SUBJECT TO CHANGE AT ANY TIME WITHOUT NOTICE.

Limitation of liability

You solo remedy under this limited warranty is set forth in this document. For any claim concerning performance or nonperformance of Lexmark or a Remanufacturer for this product under this limited warranty, you may recover actual damages up to the limit set forth in the following paragraph.

Lexmark's liability for actual damages from any cause whatsoever will be limited to the amount you paid for the product that caused the damages. This limitation of liability will not apply to claims by you for bodily injury or damage to real property or tangible personal property for which Lexmark is legally liable.

IN NO EVENT WILL LEXMARK BE LIABLE FOR ANY LOST PROFITS, LOST SAVINGS, INCIDENTAL DAMAGE, OR OTHER ECONOMIC OR CONSEQUENTIAL DAMAGES. This is true even if you advise Lexmark or a Remanufacturer of the possibility of such damages. Lexmark is not liable for any claim by you based on a third party claim. This limitation of remedies also applies to claims against any Suppliers and Remanufacturers of Lexmark. Lexmark's and its Suppliers' and Remanufacturers' limitations of remedies are not cumulative. Such Suppliers and Remanufacturers are intended beneficiaries of this limitation.

Additional rights

Some states do not allow limitations on how long an implied warranty lasts, or do not allow the exclusion or limitation of incidental or consequential damages, so the limitations or exclusions contained above may not apply to you.

This limited warranty gives you specific legal rights. You may also have other rights that vary from state to state.

Life by the Spirit walking by the spirit

5:25 If we live by the Spirit, and you will not gratify the desires of the sinful nature. The acts of the sinful nature are obvious: sexual immorality, impurity and debauchery; idolatry and witchcraft; hatred, discord, jealousy, fits of rage, selfish ambition, dissensions, factions 21 and envy; drunkenness, orgies, and the like. I warn you, as I did before, that those who live like this will not inherit the kingdom of God.

22 But the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness, 23 gentleness and self-control. Against such things there is no law. 24 Those who belong to Christ Jesus have crucified the flesh with its passions and desires. 25 Since we live by the Spirit, let us keep in step with the Spirit. 26 Let us not become conceited, provoking each other,

Doing Good to All

6 Brothers, if someone is caught in a sin, you who are spiritual should restore that person gently. But watch yourselves, or you also may be tempted. 2 Carry each other's burdens, and in this way you will fulfill the law of Christ. 3 If anyone thinks he is something when he is nothing, he deceives himself. 4 Each one should test his own actions. Then he can take pride in himself alone, without comparing himself to someone else, 5 for each one should be responsible for himself.

6 Anyone who receives instruction in the word must share all good things with his instructor.

5:22–26 Whereas there is no law against loving behavior (5:22–23), there are laws against the behavior that destroys community (5:19–21). Paul's point is that those who have been transformed by the Holy Spirit will not want to behave in ways that destroy community. Living out by the Holy Spirit involves the desire to hear the revelation of Holy God's Word, and the sensitivity to discern between your feelings and the promptings. Love each day controlled and guided by the Holy Spirit. Then the words of Christ will be in your mouth, the love of Christ will be behind your guidance, and the power in Christ will heal you control your selfish desires.

5:17 Paul describes the two forces conflicting within us—the Holy Spirit and the sinful nature (but not identical to ourselves). That these, com bat bodies, see John 8:16, 9:24). Paul is not saying that these forces are equal—the Holy Spirit is infinitely stronger. But if we rely on our own wisdom, we will make serious choices. If we try to follow the Spirit by our own human efforts, we will fail. Our only way to triumph is to die our desires of the flesh the empowering of the Holy Spirit (see Romans 8:5; Ephesians 4:22, 24; Colossians 3:5–8).

5:18–21 We do have real desires, and we can't ignore them in order for us to follow the Holy Spirit's guidance, we must deal with them decisively (usually Paul—5:24). These desires include obvious sins such as sexual immorality and drunkenness. They also include less obvious sins such as selfish harmony between and jealousy. Those who ignore such sins as these to deal with them reveal that they have not received the gift of the Spirit and leads to a thankless end.

5:22–23 The fruit of the Spirit is the spontaneous work of the Holy Spirit in us. The Spirit produces them whenever traits that are found in the nature of Christ. They are the by-products of Christ's control—we can't obtain them by trying to get them without the help. If we want the fruit of the Spirit to grow in us, we must gain our lives to the Lord (see John 15:4, 5). We must know Him, love him, remember him, and imitate him. As a result, we will fulfill the threefold purpose of the law—to love God and our neighbors. Version of these qualities do you want the Spirit to produce in you?

5:25 Because the Christ who sent the law-God sent the Spirit, the by-products of the Spirit-God life are in perfect harmony with the intent of God's law. A person who exhibits the fruit of the Spirit fulfills the law far better than a person who observes the rituals but has little love in his or her heart.

5:24 Promise to act on the sins and selfish desires (Jesus's image, see Romans 6:6). Once we have been set free to live in God's control, as those on the Spirit's path, God is working his part. As we live in the power of our former, vocational, free like in The Holy Spirit will help your values and so build. Everyone has but those who don't freely become control. Spirit's leading. Prayer of Salvation

Dear Lord Jesus, I know that I am sinful and I need Your forgiveness. I repent of everything I have done wrong. Thank you for paying the penalty of my sin when You died on the Cross. I want to turn from my sinful nature and follow You instead. Lord, I open my heart to You and invite You to come into my life and make me into the person You want me to be. Jesus, I accept You as my Lord and Savior. Please fill me with Your Holy Spirit.

In Jesus' name.

How to Receive a Test Fax

The only way to test the functionality of your fax machine or fax service is to send and receive a test fax. Not everyone however wants to bother friends, relatives, coworkers or clients. In addition it just does not make sense to waste time and for an answer and if is that you don't receive because something is wrong with your fax machine or fax line. You can however, receive a test fax from HP without having to receive a phone or enlist anyone's help.

Difficulty: Moderately Easy

Instructions

1. Turn off your fax machine, blocking services before attempting to send or receive a fax. If you do not, you will not receive a test fax in return.
2. Send a blank fax — no text fax to 888-HPFAXME. The fax send machine fax or a fax with just a cover page with the text. If you are unsure how to send a fax with your fax machine refer to your users manual. Wait as free to 5 even minutes or as long your test fax. HP will generate a phone fax so you can test your receipt of fax.
3. Take the receipt fax out of your machine and read it to make sure it reads "Hello."

Employers, Please Note—

Specific information needed to complete Form W-2 is available in a separate booklet titled the 2013 General Instructions for Forms W-2 and W-3. You can order these instructions and additional forms by calling 1-800-TAX-FORM (1-800-829-3676). You also can get forms and instructions at IRS.gov.

Caution. *Do not send the SSA Forms W-2 and W-3 that you have printed from IRS.gov. The SSA is unable to process these forms. Instead, you can create and submit them online. See* E-filing, *later.*

Due dates. By January 31, 2014, furnish Copies B, C, and 2 to each person who was your employee during 2013. By February 28, 2014, send Copy A of Form(s) W-2 and W-3 to the SSA. However, if you file electronically, the due date is March 31, 2014. See the separate instructions.

Need help? If you have questions about reporting on Form W-2, call the information reporting customer service site toll-free at 1-866-455-7438 or 304-263-8700 (not toll free). For TTY/TDD equipment for persons who are deaf, hard of hearing, or have a speech disability, call 304-579-4827 (not toll free). The hours of operation are 8:30 a.m. to 4:30 p.m. Eastern time.

E-filing. If you file 250 or more Form(s) W-2, you must file electronically. E-filing can save you time and effort, even if you are not required to do so. Employers may now use the SSA's W-2 Online service to create, save, print, and submit up to 50 Form(s) W-2 at a time over the Internet. For information, visit the SSA's Employer W-2 Filing Instructions & Information website at *www.socialsecurity.gov/employer*.

Future developments. Information about any future developments affecting Form W-2 and its instructions (such as legislation enacted after we release them) will be posted at *www.irs.gov/w2*.

RE: Phone Training

I am hoping all is well with your new phone. If you ever have any questions, please feel free to ask me.

Over the next weeks, I will be sending memos on helpful phone features to make your life easier throughout the workday.

Today, I am going to teach you how to set the alarm on your phone. This is a great feature to remind you of a meeting or an appointment.

1. ***Push "SPK"***
2. ***Push #27***
3. ***Push 1 for an alarm to go off that day***
4. ***Push 2 to set the alarm to go off at the same time EVERY day***
5. ***Next put in the exact time the alarm should go off - You must use military time* (I set mine 5 minutes earlier to give myself some extra notice.)**
6. ***Push "SPK" again to turn off the light.***

When the alarm goes off, it will continue to ring until you turn it off. To turn it off, push the top dark button on the right-hand corner that says "CLEAR."

NOTE: If you will be away from your desk a lot, you might want to exercise caution when setting the alarm, because it WILL continue to ring until it is turned off!

*Military time: *8:00 AM through 12:59 PM is set as such. BUT 1:00 PM would be set as 1300, 2:00 PM would be 1400, etc.

Tax Problems

Will catch up to you!

Reprinted from the American Tax Journal

The IRS and State are facing massive deficits. They are pursuing taxpayers as never before. If you owe back taxes or unfiled returns, you will be contacted.

Tax debt cannot be ignored.

Proper representation is urgent when facing a tax liability.. In many cases, tax debt can be settled for less than the amount owed. But it takes experience and knowledge of the system.

"We've seen businesses settle for a fraction of the amount due, and in some cases, taxpayers actually paid nothing," according to Richard Vargas, director of the American Association of Tax Professionals. (AATP)

The AATP currently manages a database of tax experts in different fields. "We are a non profit group that provides business owners with a reliable referral service. For example if you owe sales tax, you'll be referred to a tax professional in the sales tax area.

If you or your business owes back taxes, or if you have unfiled tax returns, call between 10 a.m. and 3 p.m. for a consultation. You do not have to provide your name and there is no charge for the referral.

The toll free number is 888.993-0050

Mr Hansen

Thanks you for ... landscaping in your new divisional headquarters We're pleased ... proposal herewith for the concept phase as agreed earlier

Since your available area is somewhat limited, we suggest a modular layout This concept emphasizes space conservation and yet still provides for a modern pleasing atmosphere.

Enclosed are two floor plans. The first one will allow you to keep your present furniture The second was designed with the intention that our new space-saving modules be used. Notice that the latter will provide for more spacious accommodations and/or room for additional personnel Also included are the specification sheets on these products

After you have had a chance to study our ideas, I would like to set up a meeting during October to discuss any further refinements I will have my secretary make the arrangements Please call me in the interim if you have any questions

Looks like our man ... once he sees us he runs away. Smart. Soon some of Satan's pawns show up and divide as though. Kill them off. Now, from the hole they made, turn around and go check the well behind you for yet another [_CITY MEMORIAL_]. Now head down the street to the left to find a Rain Box with a [_CHAOS ORB_]. Feel free to chase after the hooded man now.

Go through the hole and ... where did they go? There's a hatch here you can go through, but surely the big thing didn't go this way! Bah, go down the hatch and hit the power. You'll come out to a new area, where there is some trail we can see. Perhaps the hooded man? Kill the monsters here. Now before we follow the trail, let's explore a bit.

To the right is a hole in the wall with a Magic Font in it. Head down the street and you'll have to kill more enemies. After they are dead, look for the area on the right of the street where you can climb up (it is before the parking lot's closed doors). Climb up it to find a [_VILE OF SACRIFICE_] that will increase your Stolas' Clank count by one. Nice. Drop down and explore near the end of the street to find a [_CITY MEMORIAL_] past a burning car (somehow I missed this one on my first time through!). Explore the rest of the area if you wish. The only thing of note is a Health Font in the parking lot that you have to use Mist Form to get to.

How Can I Test My Fax Machine?

I just hooked up a new fax machine..and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both..

To test the send functionality of your fax machine, send a one page fax to 1-855-330-1239 (a toll free number in the United States) When it s finished transmitting point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version

To test the receive functionality of your fax machine, point your web browser to FaxZero, this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes your fax machine should ring — hopefully..It will automatically answer and spit out the test fax

Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known

to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere

Imprimatur
Most Rev. George. W. Ahr
Bishop of Trenton

Hello!

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s)

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with this trial fax transmission result!

This file is a sample MS Word file; many other file types (PDF, XLS, PS, RTF, etc) are supported.

Information regarding Interpage's fax services may be found at:

http://interpage.net/faxing Interpage Fax Services Overview
http://interpage.net/outfax Interpage OutFax send-fax service
http://interpage.net/secure Interpage OutFax Secure service
http://interpage.net/faxup Interpage FaxUp fax receive service

...or contact us with questions about Interpage's fax services at:

Phone: +1 (650) 331 3900 9AM to 5:30 PM M-F Pacific Time
E Mail: inet support@interpage.net
Web: http://interpage.net

Thank you for your interest!

Notes: 1. Due to the malicious use of the FreeFax service, Interpage will no longer transmit personalized text messages, only the above fixed sample message will be transmitted. You may establish a trial account for evaluative purposes by filling out the enclosed form on page 3 and clearly indicating a valid e-mail address and contact telephone number. Please call (510) 315-3750 for additional details.

2. This fax is not a solicitation nor is it an offer. It was sent by a visitor to Interpage's web site who entered your name and fax number as the recipient of this test fax. A single destination may not receive more than two tests in a given week, however if you find that someone is sending you faxes in a continuous and abusive manner please call us at (510) 315-3750 and we will block your fax number from the FreeFax service.

Other Interpage Free service trials

Does your voicemail call you?
Interpage VoiceMail will alert you before and after a caller leaves a message, send a WAV audio file of received messages to your phone or e-mail, and even call you and play the received message at one or more telephone numbers! For details, visit: Interpage.net/voicemail

Multiply the value of your old pager!
Like having a pager but need to receive messages on your cellphone or email as well? Want to have the same functionality as a pager on your cellphone without having to give out your cellphone number? Would you like to schedule and filter received pages and emails to multiple cellphones, pagers, and email accounts? Try Interpage's DirectPage service! For details, visit: inter-page.net/direct

Know for sure that urgent alerts are received!
OutVoice text-to-speech and WAV file telephone dialout/broadcast verbally notifies land/home and cellphones, and can prompt the recipient to [illegible] be certain that alerts are received! For details, visit: interpage.net/outvoice

Q4 Do I need an RDS CAL if I am using a third-party technology like Citrix XenApp, Citrix XenDesktop, Ericom PowerTerm WebConnect, Quest Virtual Access Suite, GraphOn Go Global, etc. to directly or indirectly access the server software to interact with the GUI?

Yes. An RDS CAL is required for any technology used to directly or indirectly interact with the Windows Server GUI. This includes (but is not limited to) using Microsoft Remote Desktop Services or other third-party software that enables multiuser scenarios on Windows Server.

Q5 What version of the RDS CALs do I need?

As long as the physical operating system environment (POSE) is only used for virtualization management, your RDS CAL only needs to correspond to the Virtual operating system environment (VOSE) the user/device accesses. The CAL must correspond to the CAL requirement at release of the version of the server software or a prior version of the CAL. For example, you need at least a Windows Server 2012 RDS CAL to access RDS on Windows Server 2012 R2 servers. However, newer version RDS CALs can be used with older versions of the server software as defined in the interoperability matrix at http://social.technet.microsoft.com/wiki/contents/articles/21483.rds_and_ts_cal_interoperability_matrix.aspx.

Q6 How do I buy the RDS CAL licenses?

Just like other Microsoft products, you can purchase or renew RDS CAL licenses through Microsoft Partners. To learn more, please read:

http://www.microsoft.com/licensing/how-to-buy/how-to-buy.aspx

Q7 How do I license Microsoft desktop applications such as Microsoft Office in a Windows Server Remote Desktop Services environment?

Microsoft licenses its on-premise desktop applications on a per-device basis. Per-device licensing means a customer must obtain a license for each device on or from which the product is used or accessed. For example, when a desktop application is accessed remotely across an organization using Windows Server Remote Desktop Services, a separate desktop application license is generally required for each device from which the application is accessed. Office 365 ProPlus gives provides a user-based subscription version of Office that may be more economical.

To learn more about licensing Microsoft Office on RDS, please read:
http://www.microsoft.com/licensing/about-licensing/briefs/remote-desktop-services.aspx

Q8 How do I license Microsoft Windows desktop operating system for use with virtual machines running in the datacenter?

Microsoft volume licensing program offers various ways of licensing windows in virtual machines. Please read the following for details.

The Largest Bingo Paper in the SouthEast! and we're #1 on the Internet! Our paper goes to Florida, North Carolina, South Carolina, Georgia and Maryland. With others coming in from other states.

Dear Advertising Manager!

You may not realize it but by advertising with The Bingo Bulletin you can get a number one spot on GOOGLE, Yahoo! and AltaVista, the premier search engines on the Internet - plus the smaller ones too!

As you may be aware, businesses spend hundreds and thousands of dollars to get to the top of the search engines!

Take advantage of our website - one of the FIRST to be on the web - and its top ranking on the Internet.

It's a proven fact that in this computer age, more than 70% of the population now does their research on the web. They use search engines to find the websites and businesses! Phone books are almost obsolete as people turn to the ease of the web.

You don't even need your own website when you advertise with us. However, we can help you get a higher ranking on the search engines too! We have been able to get new websites indexed by Yahoo! in just a couple of weeks by linking to them from our website! It normally costs $300 just to submit your site to Yahoo!

We would like to take this opportunity to invite you to be in the Bingo Bulletin too! Not only are we the biggest and best Bingo paper in the Southeast, we are number ONE on the web! Our being number one makes YOU number one, if you advertise with us.

175,000 bingo players are not seeing YOUR ad so they're going to other Bingo halls.

Aurora Shots Park

Welcome to

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and if you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

(M) Competitor Signature – Signature required. Your signature means you certify that this script has been prepared and presented for the 2009 2010 NCFCA season in agreement with the rules and regulations of NCFCA. It is your responsibility to read all the documents that pertain to your event(s) including the FAQs. These are the documents that will be used to resolve any questions that arise concerning speeches during competition.

(N) Coach Signature – Signature required. The Coach's signature represents a certification that this script has been reviewed and is in compliance with NCFCA rules and FAQs for this event as found on the NCFCA website. If Tournament Officials have a question about a script they will ask the person who signed here. A Competitor may not sign as Coach for another Competitor.

(O) Script Requirements: Format 1.1 – This is required even if you are using all the words in your original source material.

(P) Script Requirements: Format 1.2 – Setting apart the quoted material makes it easily identifiable within the script.

(Q) Script Requirements: Format 1.3 – Notating multiple sources in the script helps an evaluator easily identify each of your sources.

(R) Script Requirements: Format 2.1 – Yes, you need to include both the title page and copyright page. A TI incorporating multiple sources must include a title page and copyright page of each original source document.

(S) Script Requirements: Format 2.3 – In TI, work written by the speaker must be photocopied, highlighted, and included as separate Original Source Material.

VALLEY CANCER INSTITUTE

HYPERTHERMIA FOR CANCER TREATMENT?

Cancer evokes an immeasurable amount of fear, anger and futility in anyone affected by it Whether you are the patient or know someone with cancer, the effects are overwhelming

Treatments for cancer have traditionally been surgery, radiation therapy and chemotherapy However in 1985, hyperthermia therapy was approved for clinical use Hyperthermia is a natural non-invasive treatment utilizing technology to generate heat to specific areas of the body where the cancer is located This heat begins the destruction process and when combined with radiation, produces excellent results

Radiation given alone is an effective treatment, however, when combined with targeted non-toxic hyperthermia, radiation can be given in a way which minimizes toxicity and increases the response rate Often the response is 2 or 3 times greater than compared to that of radiation or chemotherapy administered alone.

Great! So why is hyperthermia so difficult to obtain? To answer that, let's look at a portion of medical history Surgery has been around for a good part of recorded history even depicted in ancient tombs in Egypt and China, so it is of course an accepted method of treatment today

Radiation therapy has been around for the better part of the last 40 years The treatment has evolved into a highly sophisticated and accurate science...but it took several years before the medical community trusted it enough to accept as mainstream medicine

Chemotherapy originated in the 1940's and had a good deal of difficulty gaining acceptance from the medical community in its early days also It wasn't until the mid 1950's that chemotherapy use became a standard modality of care

A One-Day Seminar

How to Manage Conflict and Confrontation

Meet confrontation head on, repair damaged relationships and transform competitiveness into cooperation

Be honest. Has uncontrolled anger, excessive conflict or unchecked emotion cost you? Has the price been overwhelming anxiety and stress? Damaged relationships? Poor productivity? Lack of cooperation and teamwork? Tension at home? A stalled career? Loss of self-respect?

Conflict, strife and opposing points of view are part of the workplace and part of life — and you can't change that. But you can change the way you react to and manage conflict when it does occur. After this dynamic transforming seminar, you'll experience an incredible, positive change in yourself (and everyone around you will notice it, too)!

In just one day, discover a better way!

- How to uncover hidden resentments and learn what's really bugging you or others
- The "escalation scale"—what it is and how you can use it to keep disagreements from turning into arguments
- 5 special situations in which you should avoid a confrontation at all costs
- Is it a "put-down" or constructive criticism? How to easily tell the difference
- Steps you can take to repair relationships damaged by past conflicts
- "Emotional first aid": Innovative practices to help you get control in the crucial first moments of a crisis
- How to transform the negative energy of anger into a positive, productive force — the secret is "channeling"
- Antagonistic "blamers, complainers ... set yourself free from the traps these tough people set for you
- "Crisis communication" — talk your way through even the nastiest conflicts to reach an acceptable compromise

Recipe for disaster: Deadline pressure and no fall protection

Court decides who's to blame for worker's fall

"Are you kidding me?" Supervisor Sloan Gortland said into the cell phone. "Could you send another crack?"

He paused, back and forth, frowning. "I believe you. I'll let them know." He hit the button to hang up the call.

"Bad news?" asked Al Thorn.

"The work van is in the shop today," Sloan said. "Apparently it had some engine trouble yesterday, and it won't start up."

"Well, I'm not surprised," Al said. "That thing's always going in for repairs."

"Yeah, except this time the foreman didn't have the guts to pull the FFS out of the bed of the truck before he left the shop," Sloan said. "So now all our hammers are locked up inside. And it's Sunday, so the shop's closed."

Word from the top

"What a mess," Al said. "Are you guys cutting us loose today?"

"I would," Sloan said. "But you know we only have three days to finish up here."

"I know we're running behind," Al said,

Sharpen Your Judgment

Company fights violation on principle

"It has to be some kind of joke," supervisor Regina Greene said. "Is OSHA really going to say that our fire extinguishers and hazards is chemicals?"

Well, the substances inside them are similar, Safety Director Chris Taylor said. "I agree, this is strange."

Did it need to list extinguisher chemicals?

This was the only violation OSHA found on the whole walk-through. Regina fumed. "It should not have the chemicals inside on the list of hazardous materials on the workplace or safety data sheets for the extinguishers."

There is an exception for consumer products that are used for their designed purposes," Chris observed.

"Besides," Regina said, "it's not like any worker would be exposed to the chemicals. Our rule is to evacuate in a fire. The extinguishers are just there to help us get safely."

"One thing to consider is this is an after-the-fact violation," Chris said. "There's no risk of fine here."

"I still say we fight it," Regina replied. "Our safety program's reputation is on the line."

The company fought to get the violation taken off. Was it successful?

Make your decision, then please turn to Page 4 for the court's ruling.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software, and operating system. Fonts and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Central air conditioning systems are designed to operate within a given range of temperatures. For example, the design temperatures in your part of the country may be only 20 degrees. This means that your air conditioner can only produce a 20-degree difference in temperature from the actual outdoor temperature to the lowest possible temperature the system can maintain indoors. It is possible to create a wider temperature spread, but oversizing an air conditioning system can result in short cycling when the air conditioner has little work to do.

If an oversized air-conditioning system short cycles or only has to drop the temperature a few degrees, it simply does not run long enough to remove humidity from the air. When this happens, the temperature inside your home gets to the desired level, but you feel cold and clammy. Properly designed central air-conditioning systems will run for a longer time which allows them to extract humidity as the air flows across the cooling coils inside the air handler.

Systems that dehumidify best run almost continuously without shutting off, and at the same time we do not have to set the thermostat to drop the temperature in the house to where it is uncomfortable or too cold. In other words, the longer the system runs, the better to drop the humidity.

Dear James McClain:

We have received and processed your health insurance application. The effective date for your coverage is 8/1/2010.

Your plan has a pre-existing condition waiting period. You have satisfied zero months and zero days towards this waiting period.

If you had prior coverage and there has not been more than a 63 day lapse between coverages, please send us a copy of the certificate of creditable coverage. You can obtain this from your previous carrier. Please do not send copies of other insurance cards, as they do not include all the necessary information.

Thank you for the opportunity to serve your health insurance needs. If you have questions, please contact your producer or our Customer Service Representatives at 1-800-817-3049.

Sincerely,

Membership & Billing

November 2017

ANNOUNCEMENT: Testing Delays November 29, 2017

Due to unexpected power outages at our main testing facility in Tempe on Tuesday, November 28th and early morning on Wednesday November 29th, we are experiencing routine testing delays. Although all back-up power generators operated correctly, all instruments required rebooting resulting in delays in processing of samples. This is resulting in delays of reporting. Affected testing is anticipated to be completed within 24 hours and will be reported as completed.

We apologize for the delay in reporting and any inconvenience this may cause. An update will be communicated if delays continue.

Dear Pete,

Permit me to introduce you to the facility of facsimile transmission.

In facsimile a photocell is caused to perform a raster scan over the subject copy. The variations of print density on the document cause the photocell to generate an analogous electrical video signal. This signal is used to modulate a carrier, which is transmitted to a remote destination over a radio or cable communications link.

At the remote terminal, demodulation reconstructs the video signal, which is used to modulate the density of print produced by a printing device. This device is operating in a raster scan synchronised

Solving Problems

If you have a problem with your Epson® product, check the messages on the LCD screen to diagnose the cause of most problems.

You can also check the basic troubleshooting suggestions below. For more in-depth troubleshooting, see your online *User's Guide* or FAQs at **www.epson.com/support** (U.S.) or **www.epson.ca/support** (Canada).

Network Problems

- Try connecting to the wireless router or access point with your computer or another device to confirm that it is working correctly.
- Make sure that the wireless network supports 2.4 Ghz. The product cannot connect to a 5 Ghz network.
- Try restarting the router (turn it off and then on) then try to connect to it again.
- Verify that the network settings are correct and check the signal strength. If it is poor, try moving the product closer to your router or access point.
- When using TCP/IP make sure your network's DHCP option is enabled (your network administrator will be able to assist you with this setting)
- Print a network status sheet from the product's control panel. Press ⌂ if necessary and tap the Settings icon. Then select General Settings > Network Settings > Network Status > Print Status Sheet. Then press the Print button.
- Remove and reinstall your product software

Paper Feeds Incorrectly in the ADF

- Make sure your originals are not creased or folded, and do not contain holes, staples, tape or other materials that could obstruct the feeder.
- Check that the side and front edge guides are set firmly against the original that you are copying, but are not too tight.
- Fan your stack of originals and tap them gently on a flat surface to even the edges.

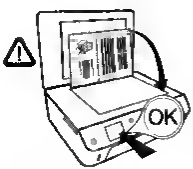
To change the overall look of your document, choose new Theme elements on the Page Layout tab. To change the looks available in the Quick Style gallery, use the Change Current Quick Style Set command. On the Theme gallery and the Quick Styles gallery, provide reset commands so that you can always restore the look of your document to the original contained in your current template. On the Insert tab, the galleries include items that are designed to coordinate with the overall look of your document. You can use these galleries to insert tables, headers, footers, lists, cover pages, and other document building blocks. When you create pictures, charts, or diagrams, they also coordinate with your current document look.



IMPORTANT!

You must scan this alignment page for best print quality.

STEP 1: Lift the lid. Place this alignment page face down on the right front corner of glass. Close the lid.

STEP 2: Press OK.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colors and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- *Anyone, anywhere* can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes cannot open files because they don't have the application used to create the document.
- PDF files *always print correctly* on any printing device.
- PDF files *always display* exactly as created, regardless of fonts, software, and operating system. Fonts and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Instructions for Employee (Also see Notice to Employee)

Box 1. Enter this amount on the wages line of your tax return.

Box 2. Enter this amount on the federal income tax withheld line of your tax return.

Box 3. You may be required to report this amount on Form 8919 *Uncollected Medicare Tax.* See Form 1040 instructions to determine if you are required to complete Form 8919.

Box 4. This amount includes the 1.45% Medicare Tax withheld on all Medicare wages and shown in Box 5 as well as the 0.9% Additional Medicare Tax on any of those Medicare wages and tips above $200,000.

Box 5. This amount is not included in boxes 1, 3, 5, or 7. For information on how to report tips on your tax return, see your Form 1040 instructions.

You must file Form 8137 *Social Security and Medicare Tax on Unreported Tips* with your income tax return to report at least the allocated tip amount, unless you can prove a smaller amount. If you have records that show the actual amount of tips received, report that amount even if it is more or less than the allocated tips. Form 8137 also will calculate the social security and Medicare tax owed on the allocated tips shown on your Form(s) W-2 that you must report as income and on which you pay this tax to the employer. By filing Form 8137, your social security benefits may be credited for your social security earned (used to figure your benefits).

Box 6. This amount is the total uncollected social security or RRTA tax on tips. You may be required to report this amount on Form 8919. See Form 1040 instructions.

Box 7. This amount is not included in boxes 1, 3, or 5. For information on how to report tips on your tax return, see your Form 1040 instructions.

Box 8. Enter this amount on the allocated tips line of your tax return. Generally, you must report tips at least equal to the amount shown unless you can prove a smaller amount. If you have records that show the actual amount of tips received, report that amount even if it is more or less than the allocated tips. Report that amount even if it is more or less than the allocated tips. Form 8137 will calculate the social security and Medicare tax owed on the allocated tips shown on your Form(s) W-2 that you must report as income and on which you pay this tax to the employer. By filing Form 8137, your social security benefits may be credited for your social security earned (used to figure your benefits).

Box 10. This amount is the total dependent care benefits that your employer paid to you or incurred on your behalf (including amounts from a section 125 (cafeteria) plan). Any amount over $5,000 is also included in box 1. Complete Form 2441 *Child and Dependent Care Expenses* to compute any taxable and nontaxable amounts.

Box 11. This amount is (a) reported in box 1 if it is a distribution or payment from a nonqualified deferred compensation or nongovernmental section 457(b) plan to you, (b) reported in box 3 and/or box 5 if it is a payment to you from a nonqualified deferred compensation plan that became taxable for social security and Medicare taxes this year because you are no longer substantially vested, or (c) reported in box 3 and/or box 5 if it is a payment to you from your employer's right to the deferred amount. This box should not be used if you had a deferral and a distribution in the same year. If this happens, your deferral and a distribution in the same year. If this happens, your deferral will be added to box 1 at the end of the calendar year and you will be sent a Form SSA 131 *Employer Report of Special Payments* with the Social Security Administration and give you a copy.

Box 12. The following list explains the codes shown in box 12. You may need this information to complete your income tax return. Elective deferrals (codes D, E, F, and S) and designated Roth contributions (codes AA, BB, and EE) under all plans are generally limited to a total of $18,000 ($12,500 if you only have SIMPLE plans; $21,000 for section 403(b) plans if you qualify for the 15-year rule explained in section 402(g) of the Internal Revenue Code) and are limited to Elective Deferrals Pub 571). It is extremely important that you keep this letter. You will need it for your state and federal income tax preparation.

Dear BARBARA A. CARPENTER

Congratulations on your retirement. According to our records, your retirement is effective 11/26/2011.

Your first retirement payment of $350.40 will be issued on or about 12/01/2011. This amount is for the period from 11/26/2011 through 11/30/2011. Your regular monthly retirement benefit is $2,008.23 and will be issued on or about 01/01/2012. Your retirement benefit is a lifetime benefit.

Please be aware that this award letter may not reflect your final monthly benefit. We often receive additional earnings information from employers up to six months after your retirement date. If we receive additional information from your employer that affects your monthly benefit, we will adjust your payments accordingly and send you a letter explaining the adjustment.

Your retirement benefit has been calculated as follows:

Service Credit		Age Factor	Final Compensation		Unmodified Benefit
19.583 Years of Service	X	0.02400	X $6,344.00	=	$2,983.83
Unmodified benefit				=	$2,983.83

Your benefit under the option you elected was calculated as follows for "75% Beneficiary Option":

* The name of this option reflects changes in the Defined Benefit Program options as of January 1, 2007.

Unmodified Benefit		Option Factor		Monthly Benefit
$2,983.83	X	0.92460	=	$2,758.23
Total regular retirement benefit			=	$2,758.23

We are required to pay interest if your first retirement benefit payment was not issued within 45 days of the effective date of your retirement or from the date we received your application.

IMPORTANT SAFETY NOTICE

December 1, 2015

Dear Valued Customer:

This letter is written to notify you of a PRODUCT RECALL on Harbor Freight Tools item #68239 and #68287. A picture of the product is shown below. This product recall is being conducted in cooperation with the U.S. Consumer Product Safety Commission. Our records indicate that you purchased one or more of these between May 2011 and September 10, 2015. Only drills with these item numbers (68239 and 68287) are affected by this recall. Similar drills with different item numbers do not present the potential for this malfunction and are not subject to the recall.

This recall is being conducted as a result of determination that the internal switching mechanism can become stuck in the on position, posing fire and burn hazards to consumers. IMMEDIATELY STOP USING THIS ITEM, EVEN IF THERE IS NO APPARENT PROBLEM, AND RETURN YOUR UNIT(S) TO YOUR CLOSEST HARBOR FREIGHT TOOLS STORE FOR A REPLACEMENT. Please note that the rechargeable battery, charging unit, and the flashlight (sold with item 68287) are NOT subject to the recall and should not be returned to the store. Because there are no issues with the rechargeable battery and charging unit, you are encouraged to keep those for use with other Harbor Freight products.

FOR ADDITIONAL HELP AND INFORMATION IN ORDER TO PARTICIPATE IN THIS PRODUCT RECALL, CONTACT US BY PHONE AT (800) 444-3353 OR EMAIL AT recall@harborfreight.com OR VISIT OUR WEBSITE AT www.harborfreight.com. DIRECTIONS TO YOUR NEAREST HARBOR FREIGHT TOOLS STORE CAN BE FOUND ON OUR WEBSITE AT www.harborfreight.com. If you do not live near one of Harbor Freight's over 600 convenient retail locations across the country, please contact our customer service department and ask about our postage-paid return-by-mail process.

Thank you for being a Harbor Freight Tools customer. We regret this inconvenience but hope you understand that our concern for your safety is paramount.

Sincerely,

Harbor Freight Tools

Just in case your freezer does defrost you should keep it well organized. The lowest part of your freezer should be raw meats, above that cooked meats and meals, than fruits and veggies and dry goods like breads on top

You can keep your freezer full by adding ice, flour dry beans, rice or other pantry items when you have extra space. Remember those solid masses will help keep your freezer more energy effecient and keep your food cold longer in the event of a power out.

MYTH! A freezer that is too cold causes freezer burn.
Temperature does not cause freezer burn. Freezer burn is the dehydration of your food by air. The moisture leaves the food, entering the air in the freezer. Proper moisture vapor proof freezer quality storage containers are key to preventing freezer burn.

Alarms
Freezer alarms are another solution you may have heard about. And a freezer alarm that monitors the temperature in the freezer and lets you know if it gets too warm is a great investment if you have lots of power outs or kids that don't shut the door all the time

What about the fridge?
While we're talking about food safety and temps let's talk about the ideal refrigerator temperature. 35-40 F (1 8-4 C). This range slows the growth of bacteria without risk of freezing foods

Regardless of what anyone says in terms of saving electricity do not turn your fridge thermostast any higher than 40 F (4 C)

The danger zone is the range in which bacteria in food can grow. The temperature range is 49 F and 140 F (4C and 60C) and food kept in this range for more than four hours should be thrown away to prevent food poisoning and other illnesses.

RE: Accident Claim for Shari Fiksdal August 6, 2013
Important Papers that will probably help substantiate my claim and is in contradiction of the early IME they had me do Surgery will be next month.

First of all you have a letter in that box of paper work that Dr. Adrian Sue wrote saying he was NOT treating me for the accident. Justin had been sending all the requests for information to him and Dr. Sue wanted to know why. He states that the specialists I was going to should be giving him their information.

I have a copy of my visit with Dr. Hart at OSHU who will be doing surgery this month or next. He said December but I wanted to wait until January due to the holidays. Things are getting worse and I am thinking that was a bad decision.

You have a copy of the MRI reports before and after the accident. Dr. Hart said he could see clearly that the disc was slipping just from the x-rays he had taken first visit. You have a summary of my visit from Dr. Hart.

I included another copy of the IME report that stopped my massage therapy as he said I was fine. I am not fine but continue to get worse. Dr. Tomabene has probably faxed you his letter already but I am putting a copy of it in with this packet.

And you have a copy of the letter from my own insurance company stating they are closing my case based on the invalid IME report. I have called them and told them I have retained a new attorney and that you will be contacting them soon. I hope the latest test results and pending surgery will help you to get the case open again so I do not go over the two year period.

Thank you,

Shari Fiksdal

Sorors of Lambda Pi Omega

Thank you for assisting in making our Flourishing @ 40 Worship Service a memorable event. Our Soror, Rev. Laura Foster, encouraged us to "Stay on Fire." We pray that God continues to make us the light of the world, leaders of our communities, colleges and workplaces so that we can do what's pleasing to Him. We ask that He continue to ignite the flame in us so we can powerfully uphold our principles of scholarship, sisterhood and service. We love to "party with a purpose," however, it's important to "pray with passion."

Yours in Sisterhood

TEST FAX

-Toubee

To complete fax calls, * 9 9 must be dialed prior to the destination phone number

Test your fax machine

To test the capability of your fax machine, follow the directions below

NOTE Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas Other phone company services can prevent you from receiving a fax, including voice mail call blocking, or call privacy features.

NOTE Whenever troubleshooting a fax issue...it is good practice to set the Automatic Reports option to Every Error before attempting a test fax. This way even if the sent fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products, consult the product User's Guide for specific steps.

Send a one page black and white test fax to 1-888-hphome (1-888-473-2963)

When your fax is received by the HP Test Fax Service we will generate a return fax to you within five minutes confirming that we received your fax This verifies that you can both send and receive a fax with your fax machine

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine Consult the user manual that came with the product for proper setup and configuration.

NOTE. The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also ensure that the fax header contains the full 10-digit telephone number of the fax machine Including the area code

For more information or assistance click Contact HP at the top of this page

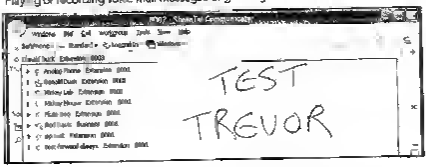
The ShoreTel SoftPhone is only available on the Windows Communicator client. It is not part of the ShoreTel Communicator for the Web or the Communicator for the Macintosh clients.

When the SoftPhone is initiated, your ShoreTel extension is unassigned from any previous devices or location and is assigned, by the ShoreTel system, to exist solely on your PC-based Communicator client.

Using the ShoreTel Communicator client to operate the ShoreTel SoftPhone is identical to using the Communicator client to control your extension when it is assigned to a standard telephone. All features of the Communicator client function in the same fashion including:

- Using QuickDialer to dial by name or by number
- Mid-call / call control features such as Hold, Transfer & Conference
- Playing or recording voice mail messages or greetings



While on an active call, you can enter DTMF digits by using the on-screen numeric Keypad Dialer.

Activate the Keypad Dialer by selecting the keypad icon in the upper right corner of the Communicator client. Use the Keypad Dialer to enter digits when calling into an Automated Attendant or Voice Mail system and need to enter numerical tones.

This agreement licenses you to Valet one vehicle on the parking facility. You agree to park during the hours that the lot is open for business at your sole risk upon payment of the monthly parking rate and a late charge if applicable. We do not provide guards or assume liability for criminal acts. We are not liable for fire, theft, damage, or other loss to the vehicle or its contents; loss of use or any loss due to or attributed to bodily injury or death.

Monthly rate for the Valet of one Vehicle is payable one (1) month in advance and must be paid NO later than the first day of each month. Payments are accepted at any time throughout the prior month. After the first of the month you are parking this agreement will automatically be canceled and daily parking rates will apply.

NO refunds, terms or allowances from the monthly rates will be made for days customer does not use the parking facility. NO REFUNDS WILL BE MADE FOR UNUSED PORTIONS OF A MONTH.

If purchased after the fifteenth of the month it will be prorated for one half of the month. Proration is only available to new tenant parkers. For accounting purposes the monthly rental period runs from the first of one month to the first of the next month.

Each monthly parker is issued a sticker which will be scanned by Valet Attendant. This sticker is numbered, recorded and assigned to a specific parker only and is not to be transferred or reassigned without the parking office's consent. Under no circumstances should a monthly parker render exchange or assist any other parkers or visitors to gain entrance or exit with their Sticker. Monthly parking privileges will be forfeited and the sticker will be voided immediately. Furthermore, the monthly parker will be required to pay the other person's parking fees if this practice is observed. State Street Valet reserves the right to collect all non valid Stickers.

Customer agrees to follow the instruction of the Valet personnel and posted signage.

All monthly parking contracts are on a month to month basis unless stated otherwise in your lease agreement. State Street Valet and Management cannot be responsible for contents of vehicle parked in the facility. Please do not leave valuables in plain view. Ignition and door keys are the only keys required.

General Valet Rules:

Maximum speed limit is 5 M.P.H. Observe all stop signs. Violation of any Valet rules may result in suspension of parking privileges or vehicle removal from the premises.

Please contact the parking office immediately when changing vehicles (i.e. new car) or obtaining a Sticker. You must submit Notice to Cancel parking one week prior to the 1st of the month or you will be charged and no refund will be given.

All damages must be reported in writing to the parking office before leaving the facility.

The monthly parking Sticker supplied enables the assigned car to occupy one (1) parking stall.

By accepting (with or without your signature) a parking Sticker for parking you have accepted the parking rules and regulations mentioned above.

This contract is on Month to Month basis and can be terminated as stated above.

This is an entire contract in it an State Street Valet employee may modify or waive any of its terms.

Applicable Fees: All fees are non refundable.

- Fee for replacement of lost or damaged Stickers will be $25.00.
- There will be a $25.00 late fee charge if we do not receive a payment by the 10th day of the month.
- You will supply the parking lot with a Key for your vehicle.

By Signing you agree to all Terms set forth by State Street Valet

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- *Anyone, anywhere* can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files *always print correctly* on any printing device.
- PDF files always display *exactly* as created, regardless of fonts, software and operating systems. Fonts, and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Life at any time can become difficult: life at any time can become easy. It all depends upon how one adjusts oneself to life. -Morarji Desai

The fax connection is OK

To be sure we have an accurate reading, we perform each test twice for each print-quality mode. We add the two timing tests together and divide the result by two, so that we have an average time for the two runs. We do this for each of the three print-quality modes, so we run a total of six timing tests with the Mixed Text-and-Graphics Document Test and end up with an average first-page score and an average 10-page score for each of the quality modes.

After we've completed our speed tests, we look at the product of our trials and make a judgment on the quality of the output in each mode. For text, we make sure that characters are dark, clean, and well formed. For photos and graphics, we make sure that colors are accurate and shapes are well-formed, and business graphics are bold and sharply delineated.

How we interpret the results...

This test gives us a set of timing results that represent how long it takes the printer to print a single page of mixed text and graphics. It also gives us timing results that represent how long the printer takes to print 10 pages of mixed text and graphics. Having both scores for each of the three print-quality modes makes it easier to compare printing speeds with other printers we review.

These scores also show how much of a time penalty you'll have to pay when you switch to the better-quality Fine mode, and how much of a time savings you'll gain when you switch to the lower-quality Draft mode. Overlaying these results with the review's evaluation of the print quality from these modes can help you decide how beneficial the Fine and Draft modes would be for this particular printer. Also, using the output from our timing trials, we have a broad snapshot of the quality of a typical business document a given printer is able to produce in several modes.

The Driver Amplifier and Amplifier are modulated RF outputs in the TX Mixer stage and feeds result to the antenna pathway selected by the PTT switching circuitry. The following circuitry activates the transmitter stage and feeds S12 line to high (+5V nominally for Vdrv), to permit switching an external amplifier. This stage will operate approximately at a watt of output into 50 ohm load.

France's public finances

François Hollande's fiscal puzzle

PARIS

The new Socialist government needs to declare budget deficit—but with more taxes than spending cuts

JULY is a month when most French governments wind down ahead of the summer break. Not this year. Freshly elected deputies have begun an extraordinary parliamentary session that will last until the end of the month to enable François Hollande's new Socialist government to pass urgent measures. This week, Jean-Marc Ayrault, his unassuming prime minister, gave a taste of what the French can expect.

The good news is that the new team is committed to meeting deficit-reduction targets of 4.5% of GDP this year and 3% next (it has at last recognised the extent of France's fiscal problems. In his speech Mr Ayrault called the weight of public debt "nearly 90% of our wealth" crushing". He would not be the one who left this legacy to his children and grandchildren. Mr Hollande and Mr Ayrault even talked of "structural reforms" to boost competitiveness.

The election of Mr Hollande has also shifted the euro debate. During his campaign Mr Hollande promised to renegotiate the planned fiscal compact unless it was "rebalanced" to put more emphasis on growth. This he has not achieved. But by siding with the failures and Spain in a show down with Germany's Angela Merkel, Mr Hollande helped to extract concessions at the most recent European summit. They included allowing eurozone rescue funds directly to recapitalise troubled banks and a "growth pact" worth €120 billion (the billion), drawn mostly from existing resources. This has allowed Mr Hollande to tell voters he has "rebalanced" the overall package. He will now put both pacts to parliament in the autumn.

There are many problems in all this. First, there was any remaining doubt about what France needs to do on the public finances, it was laid bare in a report on July 3rd by the Cour des Comptes, the national auditor. Chaired by Didier Migaud, a former Socialist deputy, it could hardly come from a more credible source. France, he concluded, must find an extra €24 billion in the year to stay on track—next year it needs a further €33 billion. Neither figure he noted, takes into account Mr Hollande's extra spending plans. If these growth does not reach as much as 2% next year, the gap will be bigger still.

Mr Ayrault's response for now, outlined in July 4th, was simply to increase taxes by

€33 billion, mostly on business and the rich. These include extra levies on those who pay the wealth tax, higher inheritance tax, an extra 3% tax on dividends, heavier charges on stock options, higher taxes on financial transactions, banks and oil firms, and a 5% extra tax on big companies. Since his idea is to ensure the middle class, he is also scrapping the previous government's planned VAT increase. Mr Ayrault confirmed that, when he presents the 2013 budget in September, he will introduce a new top rate of income tax at 75% for households earning over €1m.

Yet, as the audit office's report points out, France needs to make a far greater effort at controlling its spending. At 56% of GDP, public spending is higher than in any other EU country bar Denmark. Next year and Mr Migaud, would be "crucial" for maintaining France's fragile credibility with creditors. The country, he said, is in danger zone": any slippage in reaching targets would risk setting off a debt spiral. And even if broad-based tax increases are necessary, the effort to reduce the deficit should focus on spending.

The second flaw in the government's policy on competitiveness, which the audit office describes as "the other major problem of the French economy". Over the past decade, a large competitiveness gap has opened up between France and Germany. The auditor pointed to the need to cut heavy payroll charges and keep labour costs high. The European Commission in a recent report, pleaded for greater labour-market flexibility.

To fix the competitiveness problem, however, the prime minister promises fiscal reform, "priority to youth", decentralisation and an "energy transition". When Mr Ayrault talks of structural reforms, he is not referring to what the auditor or most economists want. For instance the abour minister, Michel Sapin, says that he plans »

56K* USB Modem

The USRobotics 56K* USB Modem delivers the performance and reliability USRobotics is known for, in a compact, flexible form factor. This controller-based modem integrates powerful communications processing functions into the modem itself, for assured performance without sapping your computer's processing power. It is also broadly compatible across major operating systems including Linux, Windows and Macintosh. V.22 Fast Connect, which reduces the connection sequence time for very small data transfers, makes this modem ideal for Point of Sale (POS) systems. The USB modem also supports USRobotics Modem on Hold application to screen incoming voice calls while online, and to answer calls without losing your internet connection – no second phone line is needed![1]

USB connection and ease of use	• Simple USB Plug and Play installation • Hot-swappable (installs/uninstalls automatically) • Bus powered so it doesn't require an external power supply
Advanced features and functionality	• Send and receive faxes through your computer while running other applications • Supports group faxing and timed faxing • Permanently store preferred modem default settings
Get the speed you need	• Fast Connect (V.22) allows 1200 bps connections without error control in about 3 seconds, making this modem ideal for POS and ATM transactions that require lightning fast connections • Quick Connect (V.92) reduces the time it takes to establish your dial up Internet connection. • V.92 lets you send attachments up to 50% faster.
Powerful Management Tools	• USRobotics Modem on Hold application lets you: • Screen incoming calls so you can take the important ones • Take calls while online without dropping your Internet connection – there's no need for a second phone line
Software Upgradable	• Firmware upgradable and downloadable software ensure that this modem will continue to meet your changing needs
Excellent Compatibility	• Compatible with most major operating systems: Windows, Linux and Macintosh including Windows 7 and Snow Leopard — 32 and 64-bit

Upgrading from Windows XP?

Please, read these instructions carefully and completely before you begin installing Windows 7. There are important steps that you need to follow to upgrade your PC from Windows XP to Windows 7 in order to preserve your files and settings.

Before you begin, you'll need to back up all of your data to an external storage device, and you'll need all of the installation discs for programs you want to keep. Please make sure you have an external hard drive (see details below).

More detailed instructions are available at windows.microsoft.com/upgrade-windows-xp. Here are the basic steps:

1. Run Windows Upgrade Advisor (windows.microsoft.com/upgradeadvisor) to see if there are any known issues that might affect the installation and whether you should install the 32 or 64-bit version of Windows 7.
2. Save your files and settings on an external hard drive using Windows Easy Transfer (windows.microsoft.com/windows-easy-transfer). If you don't have an external hard drive you won't be able to use Windows Easy Transfer. Alternatively, you can copy files you want to keep on a USB flash drive, CDs, or DVDs.
3. You'll need to manually reinstall your programs, such as Microsoft® Office, after you install Windows 7. Gather the installation discs for your programs and any associated product/license keys. You might be able to download some programs from the Internet. For example, Windows Live™ Messenger can be installed from download.live.com/messenger.
4. Insert the Windows 7 DVD into your PC. When asked "Which type of installation do you want?" click **Custom (advanced)**.
5. After Windows 7 is installed, use Windows® Easy Transfer to restore your files and settings.

If you're not comfortable installing Windows 7 yourself, check with a local retail store or PC services company to see if they offer help services.

Prayer to St Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord: so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath St. Joseph Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known

to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ In 1500's it was sent by the Pope to Emperor Charles when he was going into battle

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere

Family and Medical Leave Act (FMLA) Medical Certification Form

FMLA is a federal law that guarantees "eligible" employees up to twelve (12) work weeks of job-protected absence for certain family and medical reasons. You are eligible to request an FMLA absence if you have worked for the company for at least one year, worked a minimum of 1250 hours over the previous twelve (12) months, and need to be absent for one of the following reasons:

- A serious health condition that makes you unable to perform any one of the essential functions of your job
- To care for your immediate family member (spouse, child, or parent) who has a serious health condition
- To care for your newborn child, or placement of an adopted or foster child

Family and Medical Leave Act Definitions for Health Care Providers as defined by the Department of Labor's Regulations

Activities of daily living (ADLs): Examples include adaptive activities such as caring appropriately for one's grooming and hygiene, bathing, dressing and eating.

Health Care Providers (HCP): Authorized health care providers include any of the following who are authorized to practice under State law, and who are practicing within the scope of that practice, doctors of medicine or osteopathy, podiatrists, dentists, clinical psychologists, optometrists and chiropractors. Nurse practitioners, nurse midwives, clinical social workers, and any other person determined by the Secretary of Labor to be capable of providing health care services.

Incapacity: The inability to work or perform regular daily activities due to the patient's serious health condition, treatment for that condition, or recovery from that condition.

Instrumental activities of daily living (IADLs): Activities include cooking, cleaning, shopping, paying bills, maintaining a residence, using a post office and telephone.

Regimen of Continuing Treatment: Treatment including, for example, a course of prescription medication (e.g., an antibiotic) or therapy requiring special equipment to resolve or alleviate the health condition. A regimen of treatment does not include the taking of over the-counter medications such as aspirin, antihistamines, or salves; or bed-rest, drinking fluids, exercise, and other similar activities that can be initiated without a visit to a health care provider.

Jeff Braun ¶1. Dr. Leonard Adler, Esq. has relocated to the State of Florida (Certification of Jeff Braun ¶23). It is unjust to the same level of inconvenience by either venue. The foregoing confirm the District of New Jersey as an appropriate forum for this action requiring the denial of Defendants' Motion.

Further, and significantly, little known documents will be required from Century Capital Partners, LLC, an entity which entered into a loan transaction with Defendant (Certification of Jeff Braun ¶19 and Exhibit "D". Defendant Adler executed loan closing documents on behalf of Defendant Interbaken in connection with that transaction. (Certification of Jeff Braun ¶19 and Exhibit "D"). The funding provided to Defendant Interbaken by Century Capital Partners, LLC was in connection with the property at Mainstreamers - the property to which Defendants wrongfully diverted Plaintiff's $37,000.00 investment and $30,000.00 loan monies. (Certification of Jeff Braun ¶19 and Exhibit "D". As confirmed by the closing statement and disbursement schedule, Century Capital Partners, LLC as a New Jersey limited liability company making it subject to the subpoena power of this Court. (Certification of Jeff Braun ¶19 and Exhibit "D"; and Rule 45(b)(2). As more fully discussed below, the documentation to Century Capital Partners, LLC, and the depositions conducted by Plaintiff, if deemed necessary

Important 2015 tax information: Keep this for your records
Form 1095-B (Health Coverage)

IMPORTANT NOTE: You're receiving this Form 1095-B again because the form we sent you before was missing information in Part III. This doesn't affect your tax return if you've already filed.

Why am I getting a Form 1095-B, Health Coverage?
Medicare is sending a Form 1095-B to all individuals under 65 with Medicare Part A - those who enrolled in Medicare Part A for the first time in 2015, or those who had Medicare Part A coverage for part of 2015. The Affordable Care Act requires people to have health coverage that meets certain standards, also called minimum essential coverage. An individual without minimum essential coverage can claim an exemption or may pay a fee with their tax return.

Medicare Part A coverage (including coverage through a Medicare Advantage plan) is minimum essential coverage.

Form 1095-B provides information that you may need to complete your Federal income tax return. We've also given this information to the IRS.

What do I need to do?

- Keep this Form 1095-B with your other important tax information, like any Form 1099 or W-2 you may receive (if applicable). You do not need to send this form to the IRS when you file your income tax return. **Don't send this letter or your Form 1095-B with your income tax return or send it back to Medicare.**
- If you had Part A health coverage for all 12 months of 2015, you'll just need to check a box on your Federal income tax return indicating you had minimum essential coverage.
- If you had health coverage other than Part A during 2015, check with your coverage provider to see if that plan's coverage was minimum essential coverage.
- If you didn't have Part A coverage or other minimum essential coverage for all 12 months of 2015, and you don't qualify for an exemption from the requirement to have coverage, you may have to pay a fee when you file your taxes.

This is atest fax kandl, go through

Why can't I send or receive T.38 faxes using the res_fax modules with an Open Source Asterisk 1.4 release?

The Open Source Asterisk 1.4 releases do not support T.38 Termination. If you need T.38 Termination support with an Open Source Asterisk release, you must use an Open Source Asterisk 1.6 (or later) release.

If I am using an Open Source Asterisk 1.4 release, which version of Open Source Asterisk is recommended?

Digium recommends using Open Source Asterisk 1.4.22 or newer. Versions prior to 1.4.22 have not been tested.

If I am faxing over TDM, which version of DAHDI is recommended?

Digium recommends using DAHDI 2.1.0.3 or newer. Versions prior to 2.1.0.3 have not been tested.

What are the compatibility differences between res_fax and SpanDSP-based modules?

See sections A.2 and A.3 for more information.

How do I create a TIFF file?

There are many tools to create a TIFF file. One of the most common is the ghostscript utility available from *http://www.ghostscript.com*.

Using the command-line ghostscript utility, a Letter-size (8.5" x 11") PDF can be converted to a TIFF file using the following command:

```
# gs -q -dNOPAUSE -dBATCH -sDEVICE=tiffg4 -sPAPERSIZE=letter
-sOutputFile=<dest-tiff> <src-pdf>
```

To create a TIFF from an A4-size (210mm x 297mm) PDF file, use the following command:

```
# gs -q -dNOPAUSE -dBATCH -sDEVICE=tiffg4 -sPAPERSIZE=a4
-sOutputFile=<dest-tiff> <src-pdf>
```

When PDF files are created by document scanners, they are sometimes created with a larger-than-standard paper size, e.g. 8.6" x 12". In these cases, ghostscript does not adjust

NAME

ls - list directory contents

SYNOPSIS

ls [OPTION]... [FILE]

DESCRIPTION

List information about the FILEs (the current directory by default). Sort entries alphabetically if none of -cftuvSUX nor --sort is specified.

Mandatory arguments to long options are mandatory for short options too.

-a, --all
do not ignore entries starting with .

-A, --almost-all
do not list implied . and ..

--author
with -l, print the author of each file

-b, --escape
print C-style escapes for nongraphic characters

--block-size=SIZE
scale sizes by SIZE before printing them. E.g., '--block-size=M' prints sizes in units of 1,048,576 bytes. See SIZE format below.

-B, --ignore-backups
do not list implied entries ending with ~

-c with -lt: sort by, and show, ctime (time of last modification of file status information); with -l: show ctime and sort by name; otherwise: sort by ctime, newest first

-C list entries by columns

--color[=WHEN]
colorize the output. WHEN can be 'never', 'auto', or 'always' (the default); more info below

-d, --directory
list directories themselves, not their contents

-D, --dired
generate output designed for Emacs' dired mode

-f do not sort, enable -aU, disable -ls --color

-F, --classify
append indicator (one of */=>@|) to entries

--file-type
likewise, except do not append '*'

The boundary error used for the experiments were 10-30 and 5-15 percent. The percentage error is averaged over the images of size 101 × 101. Bold indicates the best error and time in each row.

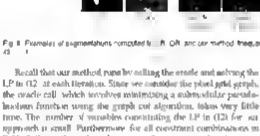

Fig. 8. Examples of segmentations computed by our QR and our method respectively for each error and combination we experiment. The true shape is in red.

Recall that our method requires solving the oracle and solving the LP in (12) at each iteration. Since we consider the pixel grid graph, the oracle call which involves minimizing a submodular pseudo-Boolean function using the graph cut algorithm, takes very little time. The number of variables constituting the LP in (12) for our approach is small. Furthermore for all experiment combinations in Table 2, the total number of iterations does not exceed an average of 25 (std. 11.7) making the number of constraints of the LP small. The small size of the LP makes our method to run much faster than LR, which has to solve a relatively large non-linear programming problem.

The results of our experiments comparing the computational complexity of the three methods (note: LR, QR) are shown in Fig. 6. We used our 101 × 101 images, and each image was scaled down to eight small images of size $2^k \times 2^k$, $k = 1, \ldots, 8$. Each data point denotes the average running time of the specified method over four images having the same size specified on the x-axis in red text. It can be seen that our method is substantially faster than the state-of-the-art LR and QR based approaches. Fig. 5 shows segmentation results yielded by our method for four original images of size 101 × 101.

Table 3 shows how relatively by the three methods namely given constraints. Here we used two measures IR_δ and ER_δ. ER_δ denotes the percentage of constraints that are unsatisfied. For instance, if the size and variance constraints are considered and one of them is not satisfied then ER_δ is counted as 0.5. IR_δ represents the deviation of the constrained values from the inequality gap thus proved as a measure in the degree of satisfaction. For instance, let the inequality gap for S be $[\ell, h]$ and the size of a computed solution be Fit_δ is then counted by setting a $\delta(|\ell - \mathrm{Fit}|, |\mathrm{Fit} - h|)$ and counted by δ if $\ell = h$. We observed that solutions computed by these methods satisfy the constraints or are very close to the constraints gap in general.

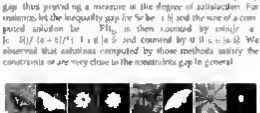

Fig. 9. Examples of segmentations by our method. Each original image has a size of 101 × 101 pixels.

7 Discussion and Conclusions

We have proposed a novel approach in constrained energy minimization. Our method is efficient and can handle a very large class of constraints including those that enforce second order statistics, which cannot be achieved by using previously proposed methods since they usually requires the convexity of the problem [16], [18], [26]. The handle such second order constraints, the boundary length constraint in our paper, we use a restricted search region to which the dual is computable. In our cases, the final constraints is always found in that restricted search region which means that it does not affect the accuracy of our method. Although our approach can be used with continuous relaxations based methods [16], [26], it would require repeated solutions of the relaxed problem which

Hello!

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service.

This service is intended to provide a preliminary evaluation as to the quality and ease of Interpage's transmission for set-ups.

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the transmission request. This letter serves to correlate the fax request which you had sent with this email that you're within now at.

This file is a word for MS Word file; many other file types are supported.

If you have any questions regarding Interpage's OutFax(sm) Service, including the FaxVi Fax(sm) service with no per or few-minute charges, please feel free to contact us at:

Phone: +1 (650) 329 2750 9AM to 5:30 PM M-F Pacific Time

Thank you for your interest!

Notes: 1. Due to the realtime, on-the-fly Fax(sm) service, Interpage is not responsible for undelivered messages, only acknowledges receipt of the attempt. You may establish an Email and Web account for verification purposes by simply filling out the web form on page of this fax, and faxing a blank sheet for the form's function test.

2. This fax is not a solicitation service. You are free to use Interpage's Email and Web account to send your solicitations to make use of the free fax. A single email to your mailing list of two hundred names is given each week, however, if you find that someone is sending you faxes that you do not want, please call us at (650) 329 2750 and we will block your fax no.'s from the Interpage service.

To Insurer:
This will acknowledge receipt of the Notice of Cancellation issued for the above referenced surety bond. Said bond will become cancelled as indicated above. If you elect to pursue or reinstate this bond you must provide a Notice of Reinstatement or a new bond dated and signed prior to the cancellation date provided we have not taken action in the Department at the above address. A copy must also be mailed to the principal party to prevent upon demand. FAX copies are not acceptable. An original document must be received to stay the action. Reinstatement of a cancelled bond or replacement with a new bond after the cancellation date is unacceptable since the license has been automatically cancelled by operation of law.

To the Licensee (Principal)
We have received a Notice of Cancellation from subject insurer advising that they are canceling your surety bond. Under the terms and conditions of the bond the cancellation is effective as stated. In compliance with California Vehicle Code Section(s) License Retailer 11612 and 11617(a)(2) Dealers 11710 and 11721(b) Traffic Violator School 11202(a)(3) and 11216, Driving School 11102(a)(4) and 11110.2(b) Vehicle Verifier 11301 or Registration Service 11401(a) and 11402, it will be necessary for you to provide one of the following items to Occupational Licensing on or before the above cancellation date:

(1) Furnish a new bond; or
(2) Deposit applicable amount of $50,000 10,000.00 or 5,000 or 2,000 in cash with the department, or post a certificate of deposit in a full paid certificate from some insured agent with twelve months) payable to the Department of Motor Vehicles to provide evidence of a cash deposit or an investment certificate in your name (must agree with license records) accompanied by a written assignment of said deposit or certificate; or
(3) surrender the license, report of sale, plates, certificates, special plates and/or stickers to your nearest Occupational Licensing Inspections Office on or before the above cancellation date.

NOTE: The elected replacement must show an effective date with or prior to the cancellation date shown above. **If the elected replacement is not received by the department on or before the cancellation date, your license or permit will be cancelled and you will be required to surrender all supplies to Occupational Licensing and any subsequent re-engagement will necessitate cumulation of new application documents and fees.**

To the Inspector:
Pick up all licenses, supplies, plates, stickers and/or permits at close of business of the above cancellation date unless provided with a replacement bond or reinstatement notice. If you deal with a copy the licensee will have three (3) business days to provide you with a duplicate original document to stay in business.

If the licensed principal fails to submit one of the above bond replacements or elects to surrender the license, please notify the group mailbox no later than the first normal work day following the cancellation date, and submit the Licensee Out-of-Business Report within 30 days. Policies and Warranty

O P Privacy Policy – Your Choices and Controls

We're happy to share details about the information we collect and how we use it. You have choices about how we use your information. Review e Policy summary at www.att.com/privacy or the full Policy at www.att.com/privacyFAQ. Then check out your choices at www.att.com/yourchoices.

Equipment Return Policy

Items with proof of purchase that are like new condition and include all accessories, manuals and original packaging can be returned within 14 days of purchase or shipping unless they're closeout items. You'll be charged a restocking fee of $35/10% except where prohibited. See www.att.com/returnpolicy for details. Authorized Retailers and other locations may have different policies.

Cancellation Policy

You may terminate this Agreement within 14 days of activation without paying an ETF. Any activation fees will be refunded if you cancel within 14 days of activation. You'll be responsible for all fees and charges incurred through the date you cancel. Additionally, you must return any Equipment and accessories purchased with this Agreement. If you terminate after 14 days, you'll be charged an ETF for each phone number or Equipment ID number associated with this Agreement. See www.att.com/equipmentETF.

Manufacturer's Warranty

Manufacturers offer a one-year warranty on NEW equipment and a 90-day warranty on AT&T Certified Like-New equipment. For repairs/replacement of your equipment with original proof of purchase, call 800.331.0500 or visit www.att.com/dsc to find the nearest Device Support Center. For all Apple products, tablets or gaming devices, contact the manufacturer. Visit www.att.com/devicewarranty for a list of manufacturers and additional warranty information.
